## 40,000 Men Monthly Draft Calls Shaping

WASHINGTON (AP) — Pentagon sources say the 39,000-man draft call announced for March is a sign of things to come this spring and summer—with monthly manpower requests of about 40,000 or more likely in April, May and June.

Last year's draft summons in the same four-month period averaged only about 15,300 per month.

As one manpower planner put it in describing the upswing: "We're dealing entirely with mechanics here."

The mechanics are that the Army is now in the midst of what the Pentagon calls a major replacement cycle involving the rotation out of service of thousands of men drafted when the Southeast Asia buildup was launched.

By August replacement needs will really be soaring. The reason: In August 1966, when U.S. manpower for the war was escalated, 36,600 men were ordered to duty, followed by 37,300 in September, 49,200 in October and 37,600 in November.

Those men will be ending their two-year tours this fall, and the Pentagon has to allow

about five months for the induction process and training in lining up ready replacements. Thus, March inductees actually will be August replacements.

Pentagon planners say it would be somewhat misleading to try to project 1967's April, May and June manpower needs simply by looking at the draft calls of September, October and November 1966. This is because

enlistments and re-enlistments—over which the Pentagon has no control—help determine replacement needs and because the overall planned level of the armed forces must be considered.

The Army strength stood at 1.47 million at the last accounting Nov. 30. A new force level may be set for the fiscal year beginning July 1.

The Pentagon declined to predict officially monthly draft calls for 1968's second quarter, but said in response to questions, "We can expect a relatively high level of draft calls to be required during the balance of the current fiscal year" ending June 30.

After that there could be a tapering off in Pentagon requests to the Selective Service System.

This would reflect the dip in December 1966 to 12,100 inductions and average monthly inductions in 1967 of only 18,200.

The 39,000-man call for March—second highest of the Vietnam war—compares with January's 34,000 and February's 23,300.

Calls in the Vietnam war reached a high of 49,200 in October 1966. Actually, 50,576 men were drafted then—there is al-

ways a difference between manpower request and the number brought in—making it the biggest month for inductions since 54,981 men were put in uniform in May 1953 near the end of the Korean War.

For the past 23 months all inductees have gone into the Army. The other services have been relying on volunteers to maintain their strength levels.

POLICE LT. J. W. IRWIN (right) stands over the body of Anthony Dale McCutcheon, 21, of Nashville, Tenn., the man he shot and killed seconds after a daring bank robbery Tuesday. Irwin spotted a car fleeing from the holdup scene, and killed McCutcheon in an exchange of gunfire. The holdup men took about \$30,000. Irwin holds two pillow cases he said contained the stolen money. (AP Wirephoto)

## Reds Raid Airbase; 7 Americans Killed

SAIGON (AP) — North Vietnamese troops made a lightning attack early today on a U.S. Army helicopter base and airfield at Kontum, killed seven Americans and destroyed or damaged a number of choppers.

The bodies of 14 uniformed North Vietnamese soldiers were found near the asphalt runway after a furious 20-minute fight.

Enemy demolition teams moved onto the airstrip as their comrades raced through the

tent city of the 37th Army Aviation Company, pouring bullets into tents as GIs dashed for foxholes.

The U.S. Command would not say how many helicopters were hit but said damage overall was "moderate." The craft were "Huey" troop carriers and gunships, a spokesman said.

An officer at Kontum, 260 miles north of Saigon in the central highlands, said the attackers also got into a motor pool and blew up a number of trucks.

One officer said at least 25 enemy soldiers firing at least two machine guns sprayed the troop tents, while the demolition unit detonated an estimated 25 to 30 satchel charges on the airstrip and in the motor pool.

"The fighting was very close," he said.

### Hit 25th Infantry

Other Communist forces kept up their dry-season offensive on the allies' outer defense ring around Saigon with a determined attack against a battalion of the U.S. 25th Infantry Division.

A spokesman said an estimated 350 North Vietnamese regulars charged from behind a drumfire of mortar shells and shoulder-fired rockets against the Americans' night bivouac 31 miles northwest of Saigon.

Well dug in, the U.S. troops met the attackers with a hail of bullets while artillery from the division's base camp at Cu Chi, six miles to the southeast, and helicopter gunships shelled the Communists.

When the five-hour battle ended, 37 enemy bodies were found, including several inside the American perimeter. One enemy soldier was captured and nine weapons were seized.

Five Americans were killed and 26 wounded.

Elsewhere in the war: Poor weather continued over North Vietnam Tuesday, but U.S. pilots used radar to attack the Kep airfield 38 miles north-east of Hanoi and an army barracks complex 20 miles northwest of the North Vietnamese capital.

The South Vietnamese Command reported that allied forces killed 2,868 enemy troops in the South last week—a record. The previous high was 2,774 for the

## Murderer Asks Death Penalty

LOS ANGELES (AP) — "I prefer death to spending the rest of my life in prison," Jack Kirsche told jurors trying to decide his penalty for two killings.

Kirsche, a former deputy district attorney who once was in line for a judgeship, appeared gaunt Tuesday as he went before the jury that convicted him of murdering his wife and her alleged lover.

Speaking slowly, he dared the panel to impose death—one of the only two possible verdicts under California law for first-degree murder.

"I did not shoot my wife and I did not shoot Bill Drankhan," the 46-year-old Kirsche declared. "And I am willing to bet my life on that—that is about as far as you can go."

The jury of six men and six women, before whom Kirsche declined to appear during his four-month trial, deliberated slightly more than an hour after Kirsche finished his appeal.

In the hushed courtroom was Albert C.S. Ramsey, his defense attorney whom Kirsche dismissed in order to make his penalty plea during the penalty phase of his trial.

## Decorates Office

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes is finally getting around to decorating his statehouse office. Green carpeting with draperies to match has been ordered. The marble floors have been bare since Rhodes' predecessor, Michael V. DiSalle, left office in 1963 and took with him the carpeting he had purchased with his own money.

## Today's Chuckle

Clothes don't make the man, but a good suit makes a lawyer.

## Heart Patient Lives 10 Hours

NEW YORK (AP) — Louis Block, the world's fifth heart transplant recipient, died today just 10 hours after a surgical team had implanted a much smaller woman's heart into the 170-pound man.

Maimonides Medical Center in Brooklyn said the death occurred at 4:35 a.m. and attributed it to the "pumping capacity of the transplanted heart and the poor condition of the lungs due to the patient's long standing heart disease."

A hospital statement said, "It is with a deep sense of regret that we must report the loss of our heart transplant patient. He was a brave and courageous man whose only real opportunity for life was through this procedure."

Block, a 57-year-old retired fireman, was put on the hospital's critical list at 12:40 a.m. when the hospital noted doctors were having "difficulty in maintaining his blood pressure." He was reported in "reasonably satisfactory condition" shortly after the surgery.

The hospital released word of the death at about 6:30 a.m. Its statement said, "It was an invaluable effort by the medical team" headed by Dr. Adrian Kantrowitz—the second transplant the team has performed.

It was the fifth such operation in 37 days. "Much has been learned from this experience and we still hold out great hope for this procedure in patients with severe heart disease," said the statement.

Kantrowitz, speaking to news-

men after the 8-hour-and-20-minute operation, indicated that the relative size of the two hearts—donor's and recipient's—could cause difficulty. "We have had some problems," he said.

The heart of the donor, Miss Helen Krouch of East Peterson, N.J., was "rather small—about half of the size we would have thought best," he said. She weighed less than 100 pounds, he said.

Because of this, the heart could not maintain the body's circulation by itself, Kantrowitz said, and an auxiliary pump was brought into use. The doctors thus performed two bold procedures in the same operation.

Kantrowitz described it as a balloon pump, a balloon inserted into the main artery which inflates and deflates, pulsed to the beat of the heart, to force blood through the heart and the rest of the body. It is attached to an exterior pump.

## Msgr. Salatka Succeeds Bishop Thomas L. Noa

VATICAN CITY (AP)—Pope Paul VI today accepted the resignation of the Most Rev. Thomas L. Noa, 75, as Bishop of Marquette. He named the Rt. Rev. Msgr. Charles A. Salatka, 49, of Grand Rapids to succeed him.

The Vatican said Bishop Noa requested retirement because of age.

Bishop Noa, a native of Iron Mountain, attended schools in Ludington and St. Francis Seminary in Milwaukee. He studied at the North American College in Rome and was ordained Dec. 23, 1916.

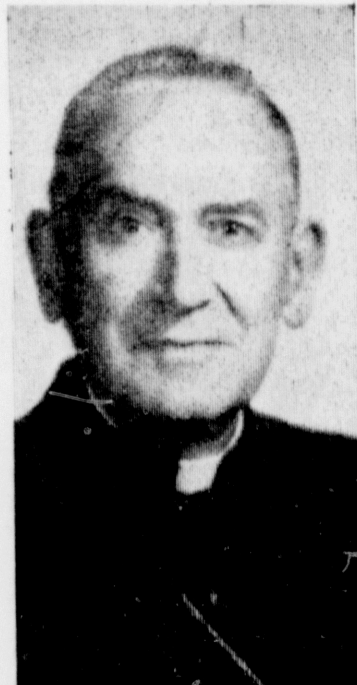

He was a professor and rector at St. Joseph Seminary in Grand Rapids for several years. In 1946, he was named coadjutor bishop of Sioux City, Iowa and in September 1947 Bishop of Marquette.

His 20-year tenure was longer than any of his seven predecessors in the diocese which covers the entire Upper Peninsula.

Bishop designate Salatka, 49, a native of Grand Rapids, was appointed auxiliary bishop to Grand Rapids diocesan Bishop Allen J. Babcock Dec. 9, 1961 and was consecrated March 6, 1962. He was ordained into the priesthood Feb. 24, 1945, and taught at St. Joseph's Seminary in Grand Rapids.

Prior to his pastorate at St. Michael's Church at Dennison near Coopersville in Ottawa County in 1950, Bishop Salatka served as secretary to the late Bishop Francis J. Haas in Grand Rapids.

In addition to his service as auxiliary bishop in Grand Rapids, Bishop Salatka was pastor of the St. James Church in the city.

Bishop Thomas L. Noa

the Upper Peninsula. His works include new status for Catholic schooling, with lay-centered activities including lay boards of education; establishment of a Diocesan Council of Catholic Women uniting many parish and deanery organizations of laywomen in study, prayer and service; and focusing attention of the laity on the cause for the canonization of Bishop Frederic Baraga, first bishop of the diocese and "Apostle to the Chippewas."

He was heading a movement for more personal participation in the Mass, the central act of Catholic worship, before the Vatican II Council which gave world Catholicism a new accent on ecumenism and he has worked diligently to implement the directives of the Council for reform and ecumenism.

He established a diocesan retreat center at Garden, inaugurated the Faith Development Fund program to serve the needs of the Newman Centers for students at institutions of higher education, homes for the elderly like the Bishop Noa Home for Senior Citizens in Escanaba, the Catholic Social Services program, the diocesan effort at cooperation in the War on Poverty and the economic opportunity program. He also called a Diocesan Synod to implement the reforms of Vatican II.

## Three Burned At Ishpeming Listed In Good Condition

ISHPEMING (AP)—The manager and two women clerks who were burned in an explosion and fire Tuesday at an Ishpeming department store were listed in good condition today at a local hospital.

They suffered burns over their faces, hands and arms in the blaze in the Upper Peninsula town.

Hospital authorities were treating Merton Jackman, manager of the F.W. Woolworth Co. department store; Miss Judith Scarffe, 18, and her aunt, Miss Bernice Skewis, 56.

Firemen from Ishpeming and Negaunee kept the blaze from spreading to nearby buildings. No immediate damage estimate was available.

Officials sought to determine if a possible natural gas explosion caused the fire.

MRS. GEORGE ROMNEY cuts ribbon officially opening her husband's Wisconsin campaign headquarters Tuesday in Milwaukee. Mrs. Romney is touring Wisconsin on behalf of the Michigan governor who is campaigning for the Republican presidential nomination. (AP Wirephoto)

## Dems Post Objectives

LANSING (AP) — Leaders of the Legislature's minority Democrats got a two-day jump on Republican Gov. George Romney Tuesday by releasing their list of legislative goals, ranging from open housing to a domestic state peace corps.

Romney's state of the state message, embodying his own suggestions to the 1968 Legislature, is not scheduled until Thursday.

The Legislature's Democratic leaders, Rep. William Ryan and Sen. Raymond Dziedzic, said the 54-page list of proposals would be considered by the House and Senate minority caucuses.

### Open Housing

Suggestions include: —An effective statewide open occupancy law, described as "the most urgently needed item on Michigan's agenda of unfinished business."

—A state community service corps similar to the federal VISTA and Peace corps programs, under which \$150-a-month volunteer college students would serve a variety of roles from educating migrant children to caring for the mentally ill.

—State bond issues of \$303.45 million for acquisition and development of conservation and recreation lands, and \$420.4 million for water pollution control.

### Special Education

—A \$5.6 million package to finance special educational programs for poor children, including preschool training for 4-year-olds, extra school hours after class and during summer, work-study programs for another 1,000 youngsters.

—A property insurance "pool" for deteriorating and riot-threatened urban areas, with Michigan's licensed insurance firms sharing the costs.

—Civil penalties for housing code violations and additional powers for tenants wishing to compel a landlord to meet health and safety standards.

The big document largely skirted the controversial area of new anticrime and antiriot legislation, noting that "all the facts and ideas have not been sifted and examined."

### Riot Control

It called for laws making it a felony to interfere with an on-duty fireman, outlawing possession of molotov cocktails and other incendiaries, and clarifying the legal definition of "inciting to riot."

The paper asks for more state college scholarships for low-income students, legislative participation in transportation

studies, higher garnishment exemptions, state licensing of hospitals, special operators' licenses for motorcyclists, weekend voter registration and mandatory training for all law enforcement officers.

In education, the document calls for special aid to school districts in which the parents of at least half the pupils earn less than \$2,000 a year.

### Schooling Aid

Suggested for those districts were: a maximum of 15,000 pupils in kindergarten and first and second grades; preschool training for another 20,000 children at a cost of \$3.2 million; and evening and summer classes for remedial and vocational training and other educational programs.

The Democrats also suggested a one-year pilot project of volunteer work by college students "to supplement those existing state social services programs which are presently woefully undermanned."

It said a \$250,000 appropriation would cover all costs of a project involving 50 volunteers, who might work in day-care centers for youngsters, half-way houses for juvenile offenders, schools for children of migrant workers, social welfare offices, mental clinics and programs for the mentally retarded.

It envisions one of the state's universities, chosen by the State Department of Education, administering the program and possibly granting college credits to students who participate.

## Antiriot, Open Housing Legislation Is Accented

LANSING (AP) — The Michigan Legislature returned to the capital to begin its 1968 regular session today—with the legislative spotlight already focused on antiriot, anticrime and open housing measures.

Both houses planned to recess shortly after the session convened at noon—the House for party caucuses and the Senate for committee meetings.

The first item of business is selection of a schedule — one which reelection-minded House members hope will allow them to return home in plenty of time to campaign for fall elections.

### Right To Work

Republican majority leaders from both Houses huddled Tuesday and agreed that lawmakers

should get right to work on new legislation and measures held over in committee from last year's regular session.

They expressed hope that the session could end by late June. In addition to holdover bills some 570 bill requests already have been filed by lawmakers with the bill-drafting Legislative Service Bureau.

The legislature will hear Gov. George Romney's legislative recommendations Thursday when he goes before a joint session of both houses to deliver his annual state of the state message.

### Call On Housing

Minority Democrats got a headstart on the Republican governor Tuesday by releasing their own list of legislative goals, including open housing and a state service corps.

Romney's message is certain to include a call for a statewide open housing law, turned down by the House only 27 days ago at the windup of a special legislative session called by the governor.

Romney, a candidate for the GOP presidential nomination, is scheduled to leave for New Hampshire as soon as he delivers his recommendations, to campaign for the state's primary election — the nation's first.

### Agenda Prospect

Other regular session certainties are antiriot bills, a legacy of last summer's Detroit riots; anticrime measures, called for by a special Governor's Crime Commission and Atty. Gen. Frank Kelley; and reorganization of Michigan's lower courts — made necessary by the new State Constitution.

Court reorganization also failed in the House during the fall special session.

A Senate Republican, George Kuhn of Birmingham, has said

he intends to introduce a resolution calling for a rare executive session of the Senate on Feb. 14 to hear a report from State Police Director Fredrick Davids on crime and riot problems facing the state.

## Fleming Opposes Secret Research

ANN ARBOR (AP) — Dr. Robben W. Fleming, who became president of the University of Michigan this month, said Tuesday the university should take "a general position against classified military research."

He took specific issue with a \$1.5 million counter-surgency project in Thailand.

Fleming told the Michigan Daily, the campus newspaper, that Michigan should not accept Defense Department projects such as the one in Thailand.

Researchers from the institution's Willow Run laboratories have been training the Royal Thai military in techniques of spotting guerrillas and have helped the Thai government build an aerial reconnaissance laboratory in Bangkok.

He said he opposes the university taking contracts for classified military research in foreign countries.

"I think it prejudices the nature of our university's research in those areas of the world. It gives rise to the idea, rightly or wrongly, that a university researcher may not be objective," he said.

U-M currently has about \$10 million in classified government research projects.

"A great deal of these projects are unnecessarily classified. Everyone tells me there is no need for so much classification. A number of people who do such work can't see any reason to classify," Fleming said.

# Note Progress On City Projects

There is substantial progress being made in the construction of Escanaba's new Catherine Bonifas Civic Center despite the recent below zero weather, it is reported by City Manager George Harvey.

The work being done by general contractors Olsen & Flath of Escanaba is "progressing on schedule," he reported.

"The concrete footings, poured concrete foundation walls, masonry block foundation walls and excavation is 100 per cent complete. Backfill is about 80 per cent finished. Interior and exterior brick and masonry walls are more than 10 per cent complete."

The structure is expected to be completed at its city water-tower site and ready for use by next fall.

Olsen and Flath's general contract is for \$204,982. Rapid Electric has the electrical work at a contract price of \$17,312 and the plumbing and heating by Berger & Robinson is \$62,385.

## Terminal Building

The project is being financed by Catherine Bonifas trust funds. It is the last major project from bequests left to the community by Mrs. Bonifas, the widow of millionaire lumberman William Bonifas, and the center is named in her honor.

In the mechanical phase of the building, the outside underground storm and sanitary sewer services are complete, Harvey reported.

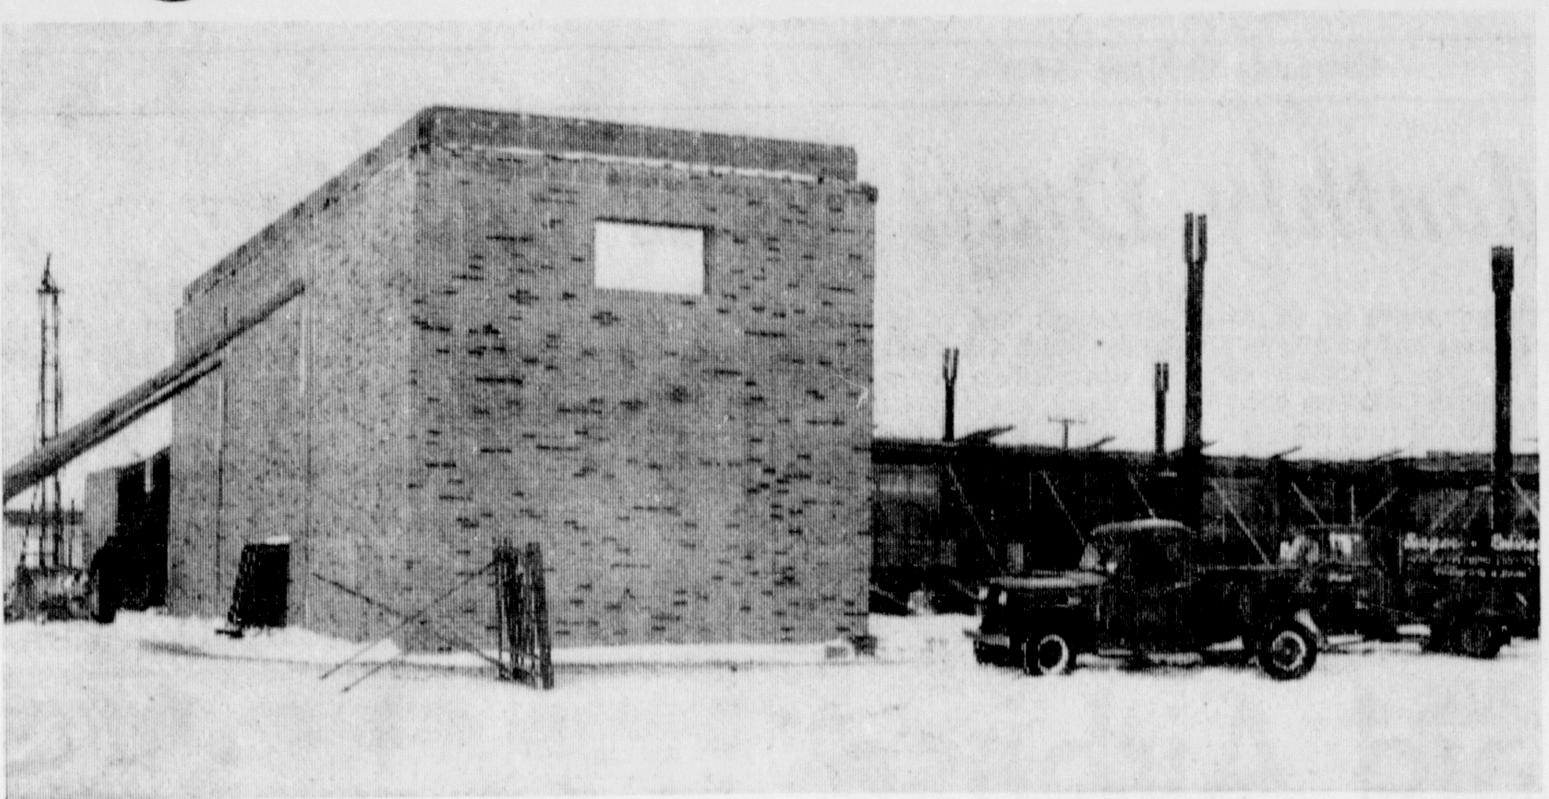

Another municipal project on which progress is being made is the construction of the terminal building at the Escanaba airport, which is being financed by state and local funds.

"The concrete foundation walls are completed and the terminal walls and masonry foundation walls are about 80 per cent finished. Backfilling about the perimeter of the building is in progress," Harvey said.

Escanaba's contractors Olsen & Flath are constructing the terminal building at a cost of \$195,288.

## Funds Held Up

The new terminal is located at the south side of the airport, with access from M 35 on a new road extended westward just north of Holy Cross Cemetery. The city manager advised the Council that although reinstated funds for other develop-

CONSTRUCTION OF Escanaba's new recreation center at the city water-tower site is moving rapidly. Construction of the footing, foundation walls, and excavation is 100 per cent complete; interior and exterior brick and masonry walls are

more than 10 per cent finished. The general contractor is Olsen & Flath of Escanaba and the project is to be completed in the fall of 1968. (Daily Press Photo)

## Delta Museum To Be Enlarged

A building expansion project that would double the floor space of the Delta County Historical Museum in Ludington Park is proposed by the Historical Society, and the preliminary plans will be reviewed by the Planning Commission on Thursday.

The Museum project heads Ask Cooperation

Escanaba City Manager George Harvey has advised the City Council that he will recommend city participation in the Historical Museum expansion project.

"With the help of Erling Arntzen, we are preparing plans and specifications so that we will be able to take bids on said addition," Harvey said. "We are hopeful that this can be brought before the Council at an early date."

The city manager noted that the Society is continuing its museum expansion fund campaign and he said: "We do hope the public will be generous in its response."

The items on the agenda for consideration by the Commission when it meets in the City Hall at 4 p.m.

Robert Schmeling, president of the Historical Society, reported that the Society will have about \$7,000 in its Museum expansion fund by early spring—all in contributions received from private sources.

## Board Trustee To Be Named

Appointment of a new member to the Board of Trustees of Bay de Noc Community College will be considered Thursday night when the Board meets in regular session at 8 p.m. at the college.

The appointment is needed to fill the vacancy on the seven-member board caused by the recent resignation of Arthur Slaughter of Escanaba.

Slaughter resigned from the Board of Trustees after he accepted a new job in Lansing. The Trustees are also expected to consider bids and recommendations for modification of the heating system in the college, hear a long-range planning progress report, discuss additional faculty positions needed for the 1968-69 college year, and hear a report by Dr. Richard Rinehart, president, on recent developments and progress of the college's planned welder class program.

Several other items also are listed on the agenda.

The meeting will be in room 10 of the college.

## Obituary

### FRANK NIENABER

Funeral services for Frank Nienaber were held at 9 a.m. today at St. Joseph's Church with Rev. Isidore Walter officiating. Burial was in Holy Cross Cemetery. Honorary pallbearers were from Elks Lodge 354. Active pallbearers, all members of the Brotherhood of Railway Trainmen were Robert Heminger, Harvey Dendreau, Herbert Carlson, Ralph Sarnowski, Clarence Anderson and Michael McCauley.

There are an estimated 350,000 snowmobiles in North America with more than 50,000 in Michigan and over 27,000 in northern Wisconsin.

## Dr. Dale Joins Hospital Staff

Dr. Edward C. Dale has recently joined the staff of Newberry State Hospital as clinical director, Dr. W. R. Purmort, medical superintendent, has announced.

Dr. Dale has been director of the Michigan State University Health Clinic for the past eight years and prior to his association with the University, was director of the Veterans Administration Mental Health Clinic Regional Office in Detroit.

A graduate of Albion College, Dr. Dale was awarded his medical degree from Wayne University.

## Briefly Told

Delta Chapter 118, RAM will meet at the Masonic Temple at 7:30 p.m. Thursday.

Gary L. Micheau, Kipling Rte. 1, was ticketed by Escanaba police for disobeying a traffic signal.

AMVETS House Committee will meet today at 8:00 p.m. in the Post Home. All members are urged to attend.

The Silver Spur Saddle Club will meet at the Mosier Community Hall at Danforth at 7:30 p.m. Thursday, Jan. 11. A program of winter sports will be planned.

Bay de Noc Encampment 174 will meet at 8 p.m. today at the Odd Fellows Hall. Installation of officers will be held and lunch will be served. All members are urged to attend.

The Delta County Ministerial Association will meet at 10 a.m. Friday at the Central Methodist Church with Rev. Roger Patrow, vice-president presiding. Plans for the interfaith clergy council will be made.

The Players de Noc will hold a brief business meeting at 7:30 p.m. Thursday in room 10 of Bay de Noc Community College. Tryouts for "Barefoot in the Park" will begin at 8 p.m. Anyone interested in acting or other aspects of the theater are invited to attend.

## Joseph Little, 77, Dies Today

Joseph A. Little, of 1514 N. 19th St., died at St. Francis Hospital at 9:45 a.m. today after a lengthy illness. He was 77 years old.

He was born in Detroit on Feb. 20, 1890, and had been a resident of Escanaba for the past 50 years. He was a former employee of the Escanaba Paper Co. and the C. Reiss Coal Co. Mr. Little was a member of St. Thomas Church.

Surviving are seven sons, Chester, Bruce and James of Escanaba, Joseph of Wyandotte and John of Harbor Beach, Donald of Chicago and Harold of Rolling Meadows, Ill.; and three daughters, Mrs. H. D. (Lorraine) Frederick of South Gate, Mich., Mrs. Thomas (Mary) Nault and Mrs. Arthur (Vicki) LaFave of Escanaba; 34 grandchildren and six great-grandchildren.

Friends may call at the Alto Funeral Home Thursday from 3 to 9:30 p.m. Parish prayers will be at 8 p.m. Thursday.

Funeral services will be in St. Thomas Church at 10 a.m. Friday with the Rev. Arnold Thompson officiating, and burial will be in Holy Cross Cemetery.

## Germfask Man Faces Charge

MUNISING — An 18 year old Schoolcraft County man, charged with breaking and entering an AuTrain township cottage last summer, waived preliminary examination when he appeared in Justice Walter Jonas' court here Tuesday and was bound over to the winter term of Alger County circuit court.

Daniel McAlpine, Germfask, was committed to the Alger County jail in lieu of \$500 bond. McAlpine was served with a warrant charging him with a felony by Munising State Police Monday in Sault Ste. Marie where he was released from the Chippewa county jail after serving a 90 day sentence for malicious destruction of property.

According to police, McAlpine allegedly broke into a cottage on Paquette Lake owned by Edwin Kositzky of Escanaba last July 27. He is reported to have wrecked a stove and refrigerator, broken furniture and shot holes in the cottage walls and boats stored nearby.

Also reported to have been taken were a portable radio, binoculars and a quantity of small change.

## Hospital

Cards and letters would be appreciated by two young women who are patients in University Hospital, Ann Arbor. They are Susan Shaw, the daughter of Mr. and Mrs. Fred Shaw, and Debbie LaFave, the daughter of Mr. and Mrs. Ralph LaFave, who are in 10 West Pediatrics, University Hospital, Ann Arbor, Mich.

## Young Attorney Admitted To Bar

Thomas Lee Butch was admitted to the practice of law by the Honorable Bernard H. Davidson, Circuit Judge, at Circuit Court Monday.

Butch is the son of Mr. and Mrs. Joseph F. Butch of 1120 Dakota Ave., Gladstone; he is married to the former M. Alice Smith of West Chester, Pa., and they are the parents of a six-week old daughter, Laura Ann.

Butch graduated from Gladstone High School in 1960. He was a member of the National Honor Society and valedictorian of his class. In addition, he was active in athletics, band, debate and forensics. He played on the golf team, the tennis team, and the basketball team and was captain of the basketball team in his senior year.

At the University of Michigan he majored in political science preparatory to law. He was a member of Pi Sigma Alpha, and the National Honorary Political Science Fraternity and served as resident director in the Men's Residence Hall System, as well as serving on the Interquadrangle Council, the legislative body for the Men's Residence Hall System.

In 1964 he graduated with a Bachelor of Arts degree with distinction and honors. Butch attended the University of Michigan Law School from 1964 to 1967. He graduated in June, 1967, with a degree of Juris Doctorate cum laude. While in attendance at law school, he was active in moot court and was a member of the staff of the Michigan Law Review.

He has been employed by the firm of Strom, Hoehn & Shipman since graduation in June and will engage in the general practice of law with that firm.

Adv. A Million Dollars to Relieve Itch of Piles

It is estimated that over a million dollars a year is spent on varied remedies to relieve itch of piles. Yet druggists tell you that cooling, astringent PETERSON'S OINTMENT soothes pile torture in minutes. Either a box or 85c tube applicator. PETERSON'S OINTMENT gives fast, joyful relief from itching. Be delighted or money back.

# Manistique To Seek State Aid Recovery

MANISTIQUE — The Manistique Area Board of Education Tuesday night engaged the law firm of Herbert & Wood & Hood of Manistique to represent the school district in an effort to recover what the Board of Education believes is a loss of some \$137,000 in state aid since the district was reorganized in 1966.

Supt. Edwin Wuehle said the action arose because of what the Board of Education feels is a conflict in the wording of the K-12 reorganization act and the state aid act.

He said the district believes it is entitled to receive the amount of state aid its component districts would have received prior to the reorganization.

The superintendent said that the reorganization law provides that state aid received by the district "shall not be less than the aggregate of state aid which

## A. A. Nelson Taken By Death

Andrew Albin Nelson, 78, of 1001 Lake Shore Drive died at 12 noon Tuesday at St. Francis Hospital where he had been a patient for 18 days.

He was born Sept. 7, 1889 in Escanaba and was a retired machinist for the Chicago and North Western Railway. Mr. Nelson was a member of Bethany Lutheran Church, Delta Lodge 195, P&AM, chapter and commandery and the VFW. His wife, Ellen died Jan. 2, 1965.

He is survived by three daughters, Mrs. Donald (Eunice) Turnbull of Garden City, Mich., Mrs. Walter (Anita) Tessing of Northbrook, Ill., and Mrs. William (Adri) Knope of Clarendon Hills, Ill.; one son, Major Merle Nelson serving with the U. S. Air Force and 14 grandchildren; one sister, Mrs. Anna Herod of Escanaba and one brother, Elmer Nelson of Cornell.

Friends may call at the Anderson Funeral Home from 4 to 9 p.m. Friday and Masonic services will be held at 8 p.m. Complete funeral services will be held at 10 a.m. Saturday at the Bethany Lutheran Church with Rev. Walfred E. Nelson officiating. Burial will be in Lakeview Cemetery.

## Board Delays Millage Action

The Escanaba Area Board of Education—with only four of its seven members present—Tuesday night postponed action on setting a millage rate for its special election Feb. 20.

The meeting was recessed subject to the call of Mrs. Robert Mosenfelder, president, after only routine items on the agenda were considered. It is expected to be reconvened next Monday or Tuesday.

Absent from the meeting were Trustees Forrest Henslee, Richard Hanson and Wheaton Strom.

Mrs. Mosenfelder said the board was struck "by the flu bug."

The Board did approve hiring of Gary M. Revord of Marquette to teach general math at the high school for the second semester. Revord will graduate this month from Northern Michigan University.

Resignation of Joseph LeDuc, teaching-principal of the Washington School, from his principal's duties effective at the end of the school year was "accepted with regret," LeDuc said. He wishes to remain in the Escanaba Area system as a teacher.

Also approved was purchase of a piece of land on N. 16th St. across from the Junior High School for \$4,250. The purchase price will be paid from the Catherine Bonifas Intervivos Fund.

## Harnischfeger Shows Plant To Crane Sales Managers

Harnischfeger Corp. flew 30 of its district sales managers to Escanaba today in two planes so they could see its expanding facilities to serve needs of P&H's Mining and Construction Division.

The sales managers, serving all 50 states of the nation, are spending this week at the main works of Harnischfeger in Milwaukee and they varied their conference and plant workshop sessions today with the flights to Escanaba.

Harnischfeger's own prop-jet Beechcraft and a chartered Viscount prop-jet brought the group to Escanaba, arriving at the Escanaba airport at 9:15

## Manistique Lets School Contracts

MANISTIQUE — Contracts totaling \$197,965 for construction of a new elementary school at the Lakeside School site were awarded Tuesday night by the Manistique Area Board of Education.

The amount was about \$68,000 less than the original bids received and the awards were made after revisions were made in the building plans.

General construction contract was awarded to Howard Herrild Builders, Menominee, in the amount of \$128,885; Hohl Plumbing & Heating, Manistique, was awarded the mechanical contract for \$50,184, and Roemer Electric, Manistique, received the electrical contract for \$18,896.

Major revisions in the original plans included elimination of a multi-purpose room from the design and shifting the site to reduce plumbing costs. Relocation of the building will bring the school nearer existing water mains, etc., avoiding costly underground extensions through solid rock.

Financing for the school will be from a 2 mill building and site fund tax which had been in existence for five years and also with some money remaining from a previous 3.5 mill building and site levy.

Construction is expected to begin as soon as weather permits with completion scheduled in time for occupancy in Jan., 1969.

The school will include six classrooms, a kindergarten room, a nurse's station and office space.

## Five Men Face B&E Hearings

Thomas Valiquette, 19, of Rte. 2, Bark River, joined four other Delta County men in the county jail today awaiting Circuit Court hearing on charges of breaking and entering.

Valiquette waived examination today when arraigned before Justice Edward Goldsworthy of Gladstone. He was returned to jail in lieu of \$1,000 bond.

State Police arrested Valiquette Tuesday on a charge of breaking and entering Sodergren's Grocery, Rte. 1, Escanaba.

Four other men — Clifford Boggs Sr., 43, Perronville, his sons, Douglas, 20, of Perronville, and Ronald, 17, of 500 1st Ave., S., Escanaba, and Rodney Bongman, 18, of Rte. 1, Escanaba — were arraigned on breaking and entering charges Tuesday before Goldsworthy, also for entering Sodergren's Grocery.

All waived examination and were bound over to Circuit Court and remanded to the county jail in lieu of \$1,000 bond each.

A 16-year-old boy involved in the case has been referred to Probate Court, officers reported.

The piano accordion was used for the first time in a symphony orchestra in the United States in 1937.

### LEGAL NOTICES

NOTICE TO BIDDERS

The Board of County Road Commissioners advertises for Sealed Bids to be opened at 10:00 o'clock, A.M., E.S.T., Tuesday, January 23, 1968 at the Commission's office at Wells, Michigan for the below listed materials:

Item # 1: Regular Grade Gasoline — Annual Requirements — Approximately 150,000 gallons.

Item # 2: Diesel Fuel # 1 and # 2 — Annual Requirements — Approximately 50,000 gallons.

Item # 3: Heating Oil — # 1 and # 2 Grade — Annual Requirements — Approximately 15,000 gallons of # 2. Approximately 5,000 gallons of # 1.

NOTE: Bids to cover the Calendar year 1968.

No special bid blanks are required on any of the items.

All bids to be accompanied by Manufacturers Specifications.

All bids should be mailed to P.O. Box 288, Escanaba, Michigan 49829.

This Board of Road Commissioners reserves the right to reject any or all bids or to waive defects.

THE BOARD OF COUNTY ROAD COMMISSIONERS OF THE COUNTY OF DELTA.

## Mead Does It

Mead Corp. is one of the world's great pulp, paper and paper products manufacturers, with nearly 60 mills and plants in more than 50 cities of the United States.

It has, since it acquired the Escanaba paper mill, been a mainstay of the Escanaba Area economy, employing 600 persons here and paying more taxes than any other industry because of the large size and value of its mill on the Escanaba River at Groos.

When Mead, always planning for the future, looked about for the situations in which it could grow best it made big investments at Prince George, British Columbia, Georgia and elsewhere.

★ ★ ★

This is indicative of the big vision outlook of Mead upon its role in supplying the American and foreign market with an increasing amount of paper and paperboard and products made from them.

Currently there's a surplus of pulp, but the public demand for paper grows steadily as our consumer needs expand, and there must be planning years in advance of mill start-up if facilities are to be ready to meet market needs as they develop and are developed.

Mead has just announced a huge expansion project for its Escanaba mill.

This is the biggest industrial news in the history of Escanaba. No other venture has involved any such size of investment, nor have any of them created such promise of widespread economic benefits, because Mead is not only one of the Upper Peninsula's largest manufacturers, it is also one of the largest owners of natural resources. Its commercial forest holdings in the U. P. total 365,000 acres.

★ ★ ★

The big investment in a huge mill at Escanaba creates ripples that wash all the way to L'Anse, where Mead's preliminary planning is studying the desirability of creating a facility to reduce wood from that area to chips for pulping. The wood procurement needs of the big mill will affect forestry rather generally throughout the U. P. by its demands upon the wood market and they have been a factor in the plans of the U. S. Forest Service and Michigan Conservation Department to sell U. P. wood on long term, big volume contracts.

Mead's big commitment in the Upper Peninsula in its Escanaba mill expansion is an industrial breakthrough of immense importance to the Upper Peninsula. It reveals one of the nation's greatest industries choosing to expand its operations in an area which has had little large investment in industry in recent years except in mineral production.

★ ★ ★

The nature of Mead's business makes its decision specially meaningful to the Upper Peninsula. The pulp and paper business requires huge investments in plants that cannot be disassembled and moved. And they depend upon large and certain sources of pulping woods at competitive prices. Mead has found these industrial necessities in the Upper Peninsula, along with some plus factors, especially including that all-important element — humans.

"We chose the Escanaba site," said Mead Board Chairman Howard E. Whitaker "for several reasons. Our present mill has a highly competent work force which can provide the skills we will need for the new operation. It is close to the timber producing resources necessary to supply large-scale papermaking operations on a continuing basis. The Escanaba site has proximity to the major markets for the papers which will be produced on the new machines. And our experience over many years has shown that Escanaba is a fine place in which to live and do business."

★ ★ ★

This is high praise for the community and the community should recognize it as a special commendation for General Manager George S. Douglas and his staff and the personnel of the Escanaba Division of Mead. They're in a highly competitive business and they have helped greatly to convince Mead that this is a good place to grow; that the economic, labor and environmental factors are all favorable.

This is a goal toward which the community has directed its efforts for years and how it has achieved it in a dramatic way, with this impressive capping of an industrial wave which gives the community a new outlook and new confidence for the future.

There are 200 new jobs in the first phase of Mead's expansion. They would be welcomed as a major community gain if it were a new industry and here it is only one bright note among many in an undertaking that introduces many new opportunities into our area.

★ ★ ★

Cornell Township's Board authorized the tax exempt bonds that will finance the project's first phase. It is the first time that the township has had national notice in the Wall Street Journal. At the same meeting at which the township board formalized its intention to issue \$56.6 million in industrial development revenue bonds (underwritten by Mead Corp.) Supervisor Grey Knaus complained about the high cost of check books. We're in a period of great change, so it's heartening to know that it is also a period of great opportunity.

## Hope Is Home

The SS Hope is back in home port in Philadelphia, having concluded the most successful voyage in her young history.

The Hope is the famed white hospital ship whose missions of mercy around the world are made possible by the support of private individuals and industry.

Since she first weighed anchor seven years ago, the ship has visited India, Vietnam, Peru, Ecuador, Guinea and Nicaragua. For 10 months in 1967, some 280 volunteer American doctors, nurses and technicians from 39 states conducted medical treatment-teaching programs in Colombia. Next March, the ship will sail to Ceylon to begin another 10-month mission.

As Project Hope entered its final month in Colombia, 21,227 patients had been treated aboard the ship or in shore clinics, 1,642 operations had been performed and 162,157 immunizations administered.

A total of 676 Colombian physicians, dentists, nurses and other medical personnel had taken part in formal medical educational exchange programs. The Hope leaves behind in Cartagena a shore-based clinic to continue this work.

Student demonstrators who don't like anything about America were absent from the pier in Philadelphia.

THIS NEW 1,200-word-per-minute teletypewriter substitutes marksmanship for brute force. Jane Bradford of the Teletype Corp. of Skokie, Ill., watches her firm's Inktronic® printer trace characters by firing minute ink droplets at paper. Teletype Corp., a subsidiary of Western Electric Co., developed the Inktronic printer for economy in data communications. It will provide Bell System customers with a teletypewriter that can fully utilize a standard telephone line's capacity to carry data.

## Teletyper Jets Ink To Speed Writing

A teletypewriter that substitutes marksmanship for brute force will be in limited production by early 1968.

Developed by the Teletype Corp., the machine — the Inktronic (R) printer — traces characters by firing minute ink droplets at ordinary teletypewriter paper. It uses a battery of 40 tiny stationary nozzles, trained on the platen, as its guns. They are capable of shooting thousands of droplets a second.

With an eye to economy in data communications, Teletype, a Western Electric subsidiary,

has produced a relatively low-cost electronic machine that can receive high-speed data over standard telephone lines — a major factor in keeping operating expenses down.

Speed is the essence of the Inktronic printer. At 1,200 words a minute (120 characters a second), it prints twelve times faster than the fastest conventional equipment. The new printer will provide Bell System customers with a teletypewriter that can fully utilize a telephone line's capacity to carry data.

## Forest Land Per Person Shrinking

Forest land managers are increasingly worried about runaway population growth.

As the new year opens, the United States—which passed the 200-million population mark as 1967 ended—is beginning the accelerating climb to 400-million and will reach that level shortly after the year 2000.

Where there were 11 acres of timberland growing trees to supply the needs of each American in this century had opened, there are only three acres apiece now. These figures are from a forest land analysis released by American Forest Products Industries, Inc.

Total forest acreage remains relatively unchanged, but population growth has changed the ratio. There will be only 1½ acres apiece to supply the timber needs of children now in school by the end of this century—and there may be even less if population growth further reduces the nation's forest area and as forest land is converted to other purposes and is withdrawn from commercial use.

Meanwhile, per capita consumption of paper and other wood products continues to grow. Edward P. Cliff, chief of the U. S. Forest Service, said recently that new projections by his agency indicate that we may have to double the pulpwood cut between now and 1985 to keep pace with expanding markets.

"Though there seems to be no limit to population growth in sight, all the land that we shall ever have is here—now," says Wilson B. Sayers, research director for AFPI. "The professional foresters in government and those in industry who manage industrial tree farms see a deadly squeeze on forest land shaping up."

Sayers said the only solution in meeting the rising pressure on forest land to produce more timber, more recreation, more watershed flow and still other values will have to be increasingly intensive land management to harmonize joint use of the land for multiple objectives wherever possible.

Major applications of the Inktronic printer, other than as terminal gear for communicating over telephone lines, are monitoring high speed tape-to-tape systems and computer interrogation.

In almost every way, the printer introduces new technology into existing Teletype equipment which is used extensively by business and industry. Not only are the metallic type pallets gone, but so are the type box, ribbon, every movable part except the paper advance and — perhaps most noticeable — almost all the noise. Only the muffled sound of the advancing paper remains.

Still, the Inktronic printer retains the best features of the conventional machine; it provides instant message display by printing a letter at a time, but at a speed far beyond the average reader's pace and uses the same, low-cost teletypewriter paper.

C. R. Winston, director of Research at Teletype Corp., who pioneered the Inktronic printer about 10 years ago, says, "We wanted to develop a printer that would meet the requirements of high-speed data transmission. This meant developing something new since none of the existing recording techniques enabled us to put ink on paper at the proper speed."

The first step, Winston says, was to "discard the notion that it should be done mechanically by bashing ink out of a ribbon. What we needed was another way of precisely guiding the ink to its place of deposit."

Systems tried and discarded include: condensing clouds of magnetized or electrically-charged ink particles onto paper covering mounted type faces; and stripping ink off type faces electrically or magnetically, then transferring it to paper in the desired configurations.

Lt. James S. Hansen, 33, of Milwaukee, a former Escanaba resident and flier, was killed recently when the Army bomber he was piloting crashed in a Columbus, Ohio, residential area.

More than 1,100 persons had paid taxes at the city's treasurer's office yesterday, leaving little more than 700 persons to remit payments for 1917 taxes. A tax fee will now be collected on all tax payments.

John J. Loell, Escanaba attorney, concluded his business interests here and moved to Milwaukee where he will work as a representative of the Wisconsin Trust Company of Milwaukee. He leaves vacant the position of secretary of the Delta County Retail Merchants association.

Widespread Book  
 Harriet Beecher Stowe's anti-slavery book, "Uncle Tom's Cabin," or "Life Among the Lowly," published in 1852, is considered among the chief causes of the Civil War. In addition to its wide circulation in the United States, the book was translated into 23 languages.

## Win At Bridge

By JACOBY & SON

### South Must Find Queen

<b>NORTH</b>		10	
♠ A Q J			
♥ K Q J			
♦ A J 10 7			
♣ K J 10			
<b>WEST</b>	<b>EAST</b>		
♠ 10 9 8 5	♥ 6 3 2		
♥ 10 6 2	♥ 8 7 5 3		
♦ 8 3 2	♦ 6 5		
♣ 8 4 3	♣ Q 9 7 2		
<b>SOUTH (D)</b>			
♠ K 7 4			
♥ A 9 4			
♦ K Q 9 4			
♣ A 6 5			
Neither vulnerable			
West	North	East	South
Pass	7 N.T.	Pass	1 N.T.
Pass			
Opening lead—♠ 10			

Some of the easiest hands to bid turn out to be the hardest to play. South has a very normal, sound no-trump opening. North counts his 22 high card points a couple of times to make sure that he really has them and jumps to the grand slam. Even if his partner has happened to open with only 15 points, the total will be 37 and there should be a good play for the grand slam.

The play and defense turn out to be difficult. Unfortunately for South the only four card suit in each hand is diamonds, and while he has 12 top tricks there is going to be a two way finesse for the queen of clubs in the cool of the evening.

South will start proceedings by running off four diamonds, and East and West will have to do some discarding. East will know that his partner does not hold a face card and that eventually South will have to locate that queen of clubs. East will also have to make the first discard.

West will know from the play to trick one that his partner holds that queen of clubs. All other high cards will be accounted for even if South rose with dummy's ace of spades at trick one. West will want to discard to protect his partner's queen.

The stage is set. East should drop a low club on the third diamond and a heart on the fourth diamond. West should throw a club on the fourth diamond.

Eventually, South will come down to three clubs in each hand. West will drop the nine and eight of spades when spades are led. South will know that one opponent has that last spade, but he won't know which one. He will have to guess. We all see where the queen is. Will South?

### ♥ ♦ ♣ ♠ CARD Sense

Q—The bidding has been:  
 West North East South  
 2 ♠ 2 ♠ 3 ♠ 2 N.T.  
 Pass 3 ♠ Pass ?  
 You, South, hold:  
 ♠ 2 ♠ 4 ♠ K 10 9 5 4 3 ♠ 7 5 4 3

A—Bid four diamonds. Your partner has an unbalanced hand. Maybe he has some diamonds.

**TODAY'S QUESTION**  
 You bid four diamonds and your partner bids four hearts. What do you do now?  
 Answer Tomorrow

## Drunk On Jury

MIAMI, Fla. (AP) — A note was sent asking the judge to look at juror No. 1 in the jury box because the man appeared to be ill.

The judge took a long look, cited the man for contempt of court and sentenced him to 30 days in jail for being drunk.

A mistrial was declared and the juror was led to jail handcuffed to the defendant in the rape case he was supposed to help decide.

## Ann Landers

## Housekeeper Needs Considerations, Too

Dear Ann Landers: May I say a few words to the millions of American housewives who can't seem to find or keep domestic help? As a woman who has worked as a housekeeper for 22 years, I would like to ask these chronic cryers to take a good look at themselves and perhaps they will discover why they are having problems.

Too many women expect household help to work from dawn till dusk with no regard for hours, overtime, holidays or anything else. They also forget that wages ought to go up to keep pace with the cost of living. How many women are paying household help the same wages they were getting six and eight years ago? And, by the way, second-hand clothes, leftover food, and discarded furniture do not take the place of money.

How many women treat a housekeeper like a human being? If she lives on the place, is her room cheerful and attractive? Is she made to feel guilty if she uses the phone or sits down to have a good lunch or a cup of coffee at 3 p. m.? Does she get a vacation with pay, like women who work in business or industry?

If you cannot answer "yes" to these questions, please be honest and admit that perhaps you are largely responsible for the scarcity of domestic help.

—BIRD'S EYE VIEW  
 Dear Bird: Thank you for an intelligent answer to a question which I have been handling in the mail daily for the last 12 years. I concur completely.

Dear Ann Landers: Please rush word to your teen-age readers that you do NOT endorse "Cool Cat's" suggestion that young lovers go to airports to "discuss life."

The zoo, O. K. Theatre lobbies and public libraries, O. K. Art museums, galleries and parks, fine. But not airports, Ann, please. We in Madison, Wis. don't know where to put our paying customers. Our airline passenger traffic has increased 34 per cent over last year. Except for that, I love your column.—R. B. S., AIRPORT SUPERINTENDENT

Dear R. B. S.: Consider 'em told. And, incidentally, I love your airport.

Dear Ann Landers: My husband was married to another woman several years ago. They

had no children. The marriage was a mistake and it lasted less than 18 months. We would both like to forget it.

We have two children, four and five years of age. Eventually we will tell them that their daddy was married to another woman, but we feel we should wait until they are old enough to understand.

My husband's sister has a family album fairly bursting with pictures of the ex-wife in the midst of family gatherings. She drags out the album whenever we come over and reminisces about how "George and Fran" did this and that.

I feel the pictures should have been removed from the album and that my sister-in-law should not be bringing up the past in the presence of our children. It is not her place to tell them, is it? — SECOND WIFE

Dear Wife: Of course not! So why are you stalling around and letting her do it? Is it because you've been putting off an unpleasant job with the excuse that the children are too young to understand?

A child of four knows what a wife is, so get busy and tell the children that Daddy had another wife before he married Mommy. This will defang your sister-in-law and you will then be able to relax in her presence.

How far should a teen-age couple go? Can necking be safe? When does it become too hot to handle? Send for Ann Landers booklet, "Necking And Petting—What Are The Limits?" Mail your request to Ann Landers in care of your newspaper enclosing 50c in coin and a long-stamped, self-addressed envelope.

## BARBS

The man who says he and his wife never argue has a short memory about other things, too.

Now is just about the time to discover that missing candy cane under a davenport cushion or chair seat.

Any man who'd dare to strike his wife would be guilty of suicide.

Colleague of ours who plays cards every lunch hour says he doesn't gamble—and you'd better believe it before you decide to sit in the game.

# what kind of coffeemaker do you use?

It really doesn't matter.

Any coffeemaker can give you a good cup of coffee, providing you use a fine fresh coffee that is ground exactly right for your coffeemaker.

We've always known that the correct grind is important to coffee flavor.

That's why, years ago, we developed Custom-Grinding. That's why we don't have just one or two grinds but seven different grinds... to fit any coffeemaker, including electric percolators, of course, (Ask for medium-fine grind for electrics).

Custom-Grinding means a little extra work for us and a little extra time for you.

(It takes 15 seconds to grind a pound).

But what a difference in flavor those few seconds make.

You know, there's only one reason we insist

on selling custom-ground bean coffees... WE CARE.

Mead Cites Labor's Help To Community

Unions Lauded For Expansion Aid

Mead Corp. today cited labor's contribution to the planning and commitments that led to its announcement of a \$56.6 million Escanaba mill expansion program.

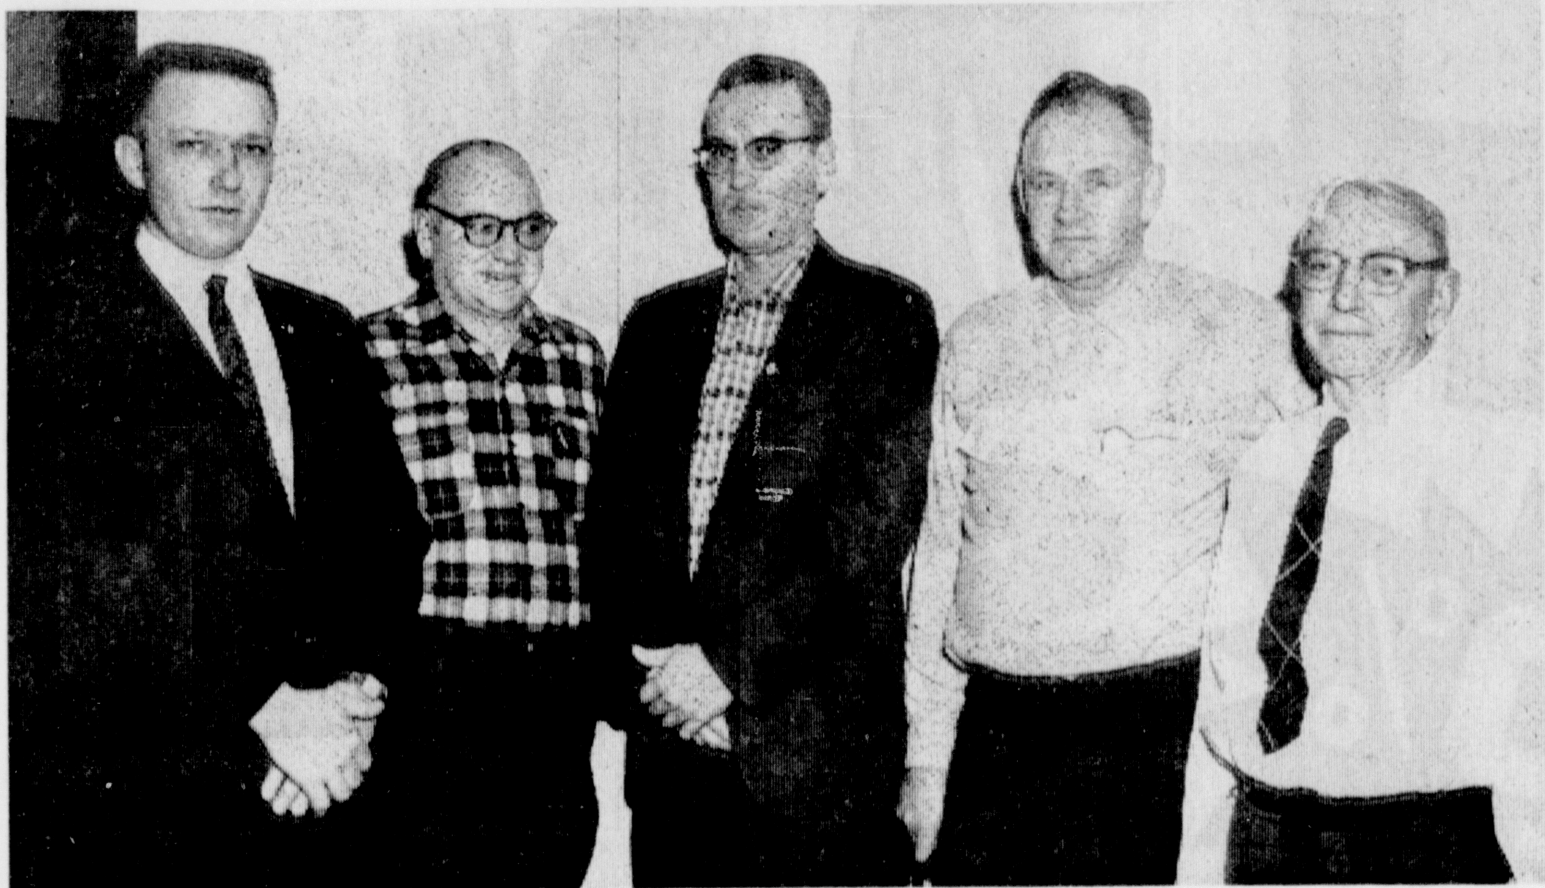

"Among the many important considerations in selecting a site for a major expansion project are the people who will make up the work force," said George S. Douglas, manager of the Escanaba Division of Mead Corp.

"The high caliber of our local work force and the long record of good relationships between the employees and management were taken into consideration by Mead's board of directors when they decided to consider this division in its expansion plans."

Kenneth West, president of Local 209, United Paper Maker's and Paper Workers Union; Robert Cavill, president, Local 110, International Brotherhood of Pulp, Sulphite and Papermill Workers, and Maurice Buchmiller, president, Local 979, International Brotherhood of Electrical Workers, are the elected union representatives of the employees who will provide the nucleus for the competent work force needed for the expanded operations, said Douglas.

Through these representatives and others, contract negotiations between the Mead Corp. and the three unions were concluded in September, 1967 when the employees ratified a three-year labor agreement to be effective from June 1, 1968 to June 1, 1971.

In a letter to division employees following ratification of

GEORGE DOUGLAS, manager of Escanaba Division of Mead Corp., today commended the three unions at the Escanaba Mead mill for their commitments in planning for the \$56.6 million expansion project announced for the mill. From left: Kenneth West, president, Local 209, United Paper Makers and Paper Workers; Maurice Buchmiller, president, Local 979, International Brotherhood of Electrical Workers; Robert Cavill, president, Local 110, International Brotherhood of Pulp, Sulphite and Papermill Workers; Einar Beck, director of industrial relations for Escanaba Division and Douglas (Daily Press Photo)

for many of the present employees, increased job opportunities for local area people and for local people who were forced to leave the area due to lack of job opportunities.

Although the expansion is expected to add about 200 persons to the 600 now employed at the Escanaba mill, the re-

quirement for the extra personnel is not expected until 1969 when the mill expansion will be completed.

Mrs. M. Beaudoin Dies Tuesday In Menominee

Mrs. Mary Beaudoin of Menominee died Tuesday at St. Joseph-Lloyd Hospital there.

Survivors include three daughters, grandchildren and great grandchildren in Menominee; three sisters, Mrs. Charles Tolon of Escanaba, Mrs. Angeline Dumas and Mrs. Clara Dufresne of Gary, Ind., and several nieces and cousins in Escanaba.

Funeral services will be conducted at 10 a.m. Friday at St. Anne's Church in Menominee with burial also in that city.

Court Hearing Trio's Appeals

MANISTIQUE — Trial of three men appealing Justice Court convictions began this morning in Circuit Court with Judge George S. Baldwin of Manistique presiding.

The three cases were consolidated for trial.

Appealing from Justice Howard Magoon's court are Patrick Brown of Manistique, furnishing beer to minors, and Donald A. Hicks, 19, and Homer D. Joslin, 17, both of Manistique and both appealing convictions of being minors in possession.

Michael R. McCall, 20, of Owosso, Mich., pleaded innocent Monday when arraigned on a charge of negligent homicide stemming from a traffic accident Nov. 27 on M-28 near Shingleton.

Killed in the accident was Robert Koboski, 40, of Negaunee, a passenger in McCall's car. Seven other persons were injured in the accident.

No date was set for trial of the case as the driver of the second car in the accident is still hospitalized. McCall remained free on bond.

Also pleading innocent was Bernard D. Lasich of Manistique, charged with contempt of court for non-support. His trial will be held the week of Nov. 30.

Daniel J. Graphos of Manistique was found guilty of contempt of court and ordered to pay a support arrearage of \$177 within a week to Ellen K. Graphos. He was also ordered to pay the \$100 balance within 30 days or serve 30 days in jail.

Tuesday, Baldwin granted a divorce to Martha LaFave from Patrick C. LaFave and placed Patrick LaFave on two years probation after he pleaded guilty to a non-support charge. He also was given 24 hours in which to pay \$500 in support payments and \$50 court costs.

A foreclosure by the State Savings Bank of Manistique against Wilfred and Dorothy Johnson of Manistique was taken under advisement by Baldwin after hearing.

Ferris Names Honor Students

Ferris State College has honored 942 students for academic excellence in the fall quarter by naming them to the Dean's Honor List. Announcement was made by Dr. Robert L. Huxol, vice president for instruction.

To be named to the Dean's Honor List, a student must maintain at least a B average while carrying a full academic load.

Students named to the list include:

Delta County — Gladstone: Alice M. Miller, Health Sciences and Arts; Robert J. Olsze, Commerce.

Schoolcraft County — Manistique: Rosann M. Fleck, Health Sciences and Arts.

Menominee County — Carney: William E. Lenca, Technical and Applied Arts; Stephenson: Donevon L. Preis, Commerce.

Luce County — McMillan: Edward A. Auge, Health Sciences and Arts; Newberry: Louis W. Bergman, Pharmacy; William R. Knauf, Technical and Applied Arts.

North Central Gets Two More Jets This Month

Two more of North Central's 100-passenger DC-9 fan jets will arrive at the company's main operations base in Minneapolis in January.

The aircraft will be put into scheduled service in February and March, and used for pilot training in the meantime. By March 1, North Central will have five DC-9's in operation. The company has five more fan jets on order and five on option.

The airline's DC-9 service was inaugurated in September 1967 with two of the new jets. The third began flying on Oct. 29.

In addition to the DC-9's, North Central will receive two Convair 580 prop-jets this month, and one arrived in December. Nos. 9, 10, and 11 in the company's 20-Convair conversion program. Two will enter service in March, and the third in April. Nine more Convair 440's are still to be converted to 580 prop-jets. North Central also has an option to convert its remaining 15 convairs.

**Bark River**

Henry W. Boyle has returned to his home after a 10 day stay in St. Francis Hospital in Escanaba during the holiday season.

# Women's Activities

Mrs. James Pearl

## Sawyer Wife Honored By Women's Clubs

A K.I. Sawyer AFB wife has been selected as one of the Outstanding Young Women of America by the General Federation of Women's Clubs. She is Mrs. James Pearl, wife of Captain Pearl, a flight surgeon in the 806th Medical Group.

She has been active in wives club work since her arrival at Sawyer in September 1966. She serves as the budget chairman for the Officers' Wives Club and the secretary treasurer for the Officers' Medical Wives Club.

Mrs. Pearl, a native of Astoria, Ore., graduated from Oregon State University with a Bachelor of Science degree in 1963. She majored in business administration. While attending the university, she was president of the Delta Gamma Sorority. She was chosen as the outstanding woman graduate of the School of Business and Technology, and was presented membership in the scholastic honoraries, Phi Kappa Phi, Beta Gamma Sigma, and Phi Chi Theta.

The recent honor bestowed on Mrs. Pearl is part of an annual biographical compilation of 6,000 outstanding young women between the ages of 21 and 35. These young women have distinguished themselves in civic and professional activities.

The annual compilation is a project of the Outstanding Americans Foundation, a non-profit foundation dedicated to recognizing and honoring outstanding Americans.

Mrs. David V. Olson (Lee's Studio)

## Sandra Dagenais Bride Of David Victor Olson

St. Thomas the Apostle Church was the setting Saturday, Jan. 6 for the wedding of Miss Sandra Lee Dagenais of Bay View Location and David Victor Olson of Escanaba.

Rev. Arnold Thompson officiated at the double ring ceremony at 12 noon. The bride is the daughter of Mr. and Mrs. Elmer Dagenais of Bay View Location and the bridegroom is the son of Mrs. Rose Olson of 3034 Lake Shore Drive.

**Chantlance Gown**  
The bride chose a floor length Chantlance gown fashioned with an oval neckline outlined with pearls and long lace sleeves. A wateau chapel sweep detailed with a looped bow formed the back detail of the gown.

A double crown of lace with pearl and crystal trim secured her bouffant veil of imported silk illusion and she carried a cascade bouquet of white carnations and white mums with ivy foliage.

Maid of honor for the bride was Joanne Carlson of Escanaba and bridesmaids were Geraldine Carlson, Rose Martin and Lois Dagenais, all of Escanaba.

**Flower Girls**  
Flower girls were Robin Majestic of Gladstone and Barbara Dagenais of Escanaba, nieces of the bride. They were attired in lace gowns and carried baskets of light green and white miniature carnations. Carrying the rings was James Olson, nephew of the bridegroom.

Richard Johnson of Escanaba served as best man and further attending the bridegroom were Vern Olson, William Bellefeuil and Robert Peterson, all of Escanaba. Seating the guests were Melvin and Robert Olson, brothers of the bridegroom.

For attending her daughter's wedding, Mrs. Dagenais wore an orchid metallic suit with black accessories and was presented a corsage of pink roses and carnations. Mrs. Olson chose a three piece beige lace suit with brown accessories and was presented a corsage of light yellow tipped carnations with talisman ribbons.

**Reception**  
The wedding reception was held from 4 to 9 p.m. Saturday at Marco's Starlite Room. Assisting with duties were Jan Bartoszek, Barbara Stenik, Mary Olson and Jane Dagenais. The newlyweds will make their home at 611 S. 17th St. The bride attended Holy Name High School and Mr. Olson is a 1967 graduate of Escanaba Area High School.

**Church Events**  
**First Methodist**  
The Faith Circle of the First Methodist Church will meet on Thursday, Jan. 11, at 2 p.m. at the home of Mrs. Harvey Germanson, 915 S. 7th Ave. Devotions will be led by Mrs. R. C. Shaw with Mrs. John Birkenmeier, program chairman.

**First Presbyterian**  
Thursday, Jan. 11, 9:30 a.m.—Women's Study group.

**Central Methodist**  
Thursday, Jan. 11, 8 p.m.—Men's Basketball.

## Isabella Circle Meeting Held

Daughters of Isabella, Trinity Circle 362 met Monday at 8 p.m. at the Teamster's Hall with 40 members in attendance.

Regent, Mrs. James Anderson, presided at the meeting. Two departed members, Mrs. Etta Kress and Mrs. Alice Roberts were remembered in prayer.

A social followed the meeting and cards were played with a prize award for each table. Lunch was served by Mrs. Sophia Courville and her committee, the Mesdames, Jane Wery, Eileen Johnson, Rose Vau, George Hirn, Leah Williams, Rose Rudden, Elizabeth Maisonneuve, Thomas Richer and Miss Lillian Rowe.

The next meeting will be a social on Jan. 22 with Mrs. Tim Curran chairman.

## VFW Auxiliary

Ladies Auxiliary to Hiawatha Post 2998, VFW met Monday evening at the VFW Hall. An application of reinstatement was received from Mae Rogers. Members interested in obtaining materials for making new uniforms are to contact President Lorraine Briere. It was announced that 165 children attended the children's Christmas party in December.

As of Dec. 31, 1967 the Auxiliary has 100 paid memberships for the new year. Mrs. Myrtle Trombley and her committee were in charge of the lunch.

## Events

### Gladiola Society

The Upper Peninsula of Michigan Gladiola Society will hold their monthly meeting at the Wells Township Hall at Wells on Thursday Jan. 11 at 8 p.m. Election of officers will be held.

Lawrence Gaurin will show slides of his trip to Canada and the glacier country taken last summer. Hostesses for the evening are Mrs. Elsie Hansen and Mrs. Carrie Larsen.

### Order O. Runeberg

The Order of Runeberg will meet at 7:30 p.m. Thursday at the VFW Hall. Lunch will follow the meeting.

### Soo Hill PTA

The Soo Hill PTA will meet at 8 p.m. Thursday in the multipurpose room of the school. Ken Schwalbach, PTA president, will preside at the business meeting. Glen Williams, district business executive of the Michigan Department of Conservation will present a film. Lunch will be served by the fourth grade mothers, Mrs. Dan Garbe, chairman.

At a meeting of the Promenaders Square Dance Club officers held Monday at the home of Arnold Taylor, the schedule of winter and spring dances was planned. The first dance will be Saturday, Jan. 13 at the Community College student center beginning at 8:30 p.m. Vern Bero of Green Bay will be the caller.

## Democratic Women Will Meet Thursday

The Delta County Democratic Women's Club will meet at 8 p.m. Thursday, Jan. 11, in the Senior Citizen's Club Room, City Hall, Gladstone.

The nominating committee consisting of Mrs. Nicholas Chapekis, Mrs. Rodger Murray and Mrs. George Kennedy will present a slate of candidates for the election of new officers, and there will be a presentation to the retiring president, Mrs. Dorothy Anderson. Committee chairmen will be port on the successful bake sale and bazaar held in December.

Hostesses for the evening will be Mesdames, George Kennedy, Fred Schram, Louis Reese, Joseph Martin and Alphonse Dementier. All interested Delta County women are invited to attend.

was planned. The first dance will be Saturday, Jan. 13 at the Community College student center beginning at 8:30 p.m. Vern Bero of Green Bay will be the caller.

## Franklin PTA Meeting Held

The Franklin PTA met Monday Jan. 8, at 8 p.m. A report on the November Escanaba Area Council PTA meeting was given by Mrs. Louis Diedrich.

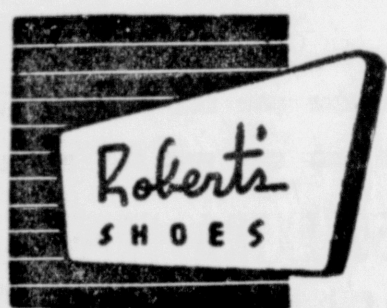

The Founders Day program scheduled for Feb. 22 and sponsored by the Area Council will have Dr. Otto Yntema, director of field services at Western Michigan University as the featured speaker. Dr. Yntema is a past-president of Michigan Congress PTA. Room count was won by Mr. Guindon's sixth grade.

Claude Bohn, representing the Board of Education, informed the audience on the upcoming millage vote. A discussion followed. Lunch was served by the second grade mothers.

## Births

**GOODREAU**—Mr. and Mrs. Edward Goodreau of 116 Dorland, Kingsford, are the parents of a daughter, Kristin Ann, born at 8:05 p.m. Monday at Memorial Hospital in Iron Mountain. The infant weighed 7 pounds, 6½ ounces at birth. She is the second child in the family. The mother is the former Nancy Lindmaier and grandparents are Mr. and Mrs. Peter Lindmaier of Marshfield, Wis. and Mr. and Mrs. Ed Goodreau of Soo Hill.

ed the audience on the upcoming millage vote. A discussion followed. Lunch was served by the second grade mothers.

# Freeze Stymies Airport Funds

John Anthony, chairman of the Airport Advisory Committee of the Escanaba Chamber of Commerce wrote to Senators Philip Hart and Robert Griffin and Congressman Philip Ruppe expressing committee appreciation for their efforts to obtain an allocation of \$250,000 federal aid for completion of the Escanaba Airport project.

George Harvey reported that the allocation had been approved by the Federal Aviation Authority, but is being held up because of the freeze placed on federal aid funds by President Johnson.

The chamber board was advised that a private nursing home developer is conducting a survey of both land and financial assistance in the Escanaba area for establishment of a nursing home. Representatives have met with H. H. Dubbele, chairman of the Civic Affairs Committee, who is assisting them in gathering information. They are considering establishment of a 100-bed facility to replace the Delta County Nursing Home.

Manager Walter Lewke reported the Chamber had asked Governor Romney for support in the expediting of Highway U.S.-2 improvement from Gladstone to Rapid River. Lt. Gov. William Milliken replied, stating that these projects will be delayed until sometime after June 30, 1972 on basis of priorities established by the annual Rating of State Trunklines which measures the inadequacies of all state trunklines on a comparative basis.

The board cited to the Michigan Highway Department the deterioration of Highway U.S.-2 west of Escanaba, east and west of Bark River. It urged immediate improvements for safety and to halt further deterioration of the highway.

The board authorized the hosting of band directors who will attend the U.P. Band and Orchestra Festival in Escanaba on Saturday, March 30, which will bring several thousand high school musicians to Escanaba on that day.

The Pepsi Cola Bottling Co. was welcomed as a member.

Lewke reported that the Chamber is assisting Willow Creek Corp. in establishment of a Mediocenter in the Doctors Park area. Lewke wrote to Dr. Herman A. Ziel, chief, Bureau of Medical Care Division, Michigan Department of Health, requesting that his department expedite the approval of the Mediocenter plans which have been submitted by Willow Creek.

The reply indicated that a lack of clerical help has stalled the mailing of the plans back to Escanaba and that these plans were being mailed in the order in which they have been received and approved. They will then be re-submitted to Mediocenter for revisions and returned to the Health Department for final approval.

Some African termites live in colonies built 20 feet tall.

**FIRING EXPERT** with the M-14 rifle near the completion of his basic training at Fort Campbell, Ky., Pvt. Dennis W. Carlson achieved the highest possible mark in the weapons qualification test. He is the son of Mr. and Mrs. Frank Carlson of Cornell.

## Miron Heads State Dept.

LANSING (AP)—Gov. George Romney announced Tuesday he has chosen John P. Miron, assistant director of the State Workmen's Compensation Dept., to serve as acting department director.

Miron temporarily will fill the vacancy left by the resignation of director Weldon O. Yeager, effective last Sunday. Yeager said he was returning to private business.

Miron will serve until a permanent director is chosen. Senate confirmation of the temporary appointment is not required.

A native of Escanaba, Miron is the son of Mrs. William E. Miron of 518 S. 8th St. and the late State Senator Miron, who was also sheriff of Delta County for many years.

Miron, a civil service employee, has been with Workmen's Compensation since 1957. His wife is the former Bernice Finn of Escanaba, the daughter of Mr. and Mrs. John Finn of 617 S. 16th St.

Although John Philip Sousa is best-remembered as a bandmaster and writer of popular marches, he also wrote several light operas.

## Curran Heads Welfare Dept.

Lawrence E. Curran, case-work supervisor with the Delta County Bureau of Social Services, has been named director of the department. Michael Miketinac, field supervisor for the State Dept. of Social Services announced Tuesday.

Curran replaces Thomas McDermott, who resigned last month to accept a position with the Child Guidance Clinic of the Marquette-Alger Delta Mental Health Compact.

Curran's appointment was recommended by the County Social Services Board to the state director. Confirmation was received by Leslie Caswell,

chairman of the Delta County board.

A graduate of Manistique High School in 1959, Curran graduated from Northern Michigan University in 1966. He served four years in the U.S. Air Force and from Sept., 1959, to Feb., 1966, was employed as a caseworker with the Winona, Minn., County Welfare Dept.

In Feb., 1966, he joined the Delta County department.

Curran is active in the Barbershoppers and is a member of St. Joseph's Church.

Curran is married to the former Charlene Gardner of in, 9, Kelly Jo, 8, and Shawn, Manistique and the couple has 6. The family resides at 408 four children, Colleen, 10, Kev-

## Janice Nyberg Bride Of Leonard Sabourin

Miss Janice Ann Nyberg became the bride of Leonard Sabourin in ceremonies held at 7 p.m., Thursday, December 28, at the First Baptist Church in North Platte, Nebraska. Parents of the couple are Rev. and Mrs. Henry Nyberg, North Platte, Nebraska and Mr. and Mrs. Leonard S. Sabourin, Gladstone, Rev. Henry Nyberg, father of the bride and pastor of the local Evangelical Free Church, solemnized the ceremony.

The bride's gown of white brocade featured an empire waistline accented with seed pearls and an A-line silhouette. A matching sleeveless chapel length open-front coat was regal with a flat bow on each shoulder. Her bouffant veil was held by a princess crown of seed pearls. She carried a cascade of white butterfly roses with a removable corsage.

Miss Beverly Nyberg, North Platte, served her sister as maid of honor. Bridesmaids were Mrs. Jerry Foote, sister of the bridegroom, Mundelein, Illinois; Miss Sue Gustafson, cousin of the bride, Phillips, Nebraska; and Miss Jackie Oswald, North Platte, Nebraska. They all wore ruby red velvet floor-length gowns with empire waistlines, A-line silhouettes, and short puffed sleeves. They carried round bouquets of white chrysanthemums. In their hair they wore halos of nolly leaves and feathered white chrysanthemums.

Candlelighters were Miss Lynette Nyberg, sister of the bride, and Charles Strom, cousin of the bridegroom, from Gladstone. Lynette was dressed like the bridesmaids. The flower girl, Shari Johnson, North Platte, strewn red rose petals on the white carpet. She also was dressed in red velvet, in the same fashion as the brides of the bridesmaids. Joel Most, North Platte, served as ring bearer.

Mr. Jerry Foote of Mundelein, Illinois, and brother-in-law of the bridegroom, served as best man. Groomsmen were Neil Nyberg, brother of the bride, from North Platte; Larry Shafer, Mundelein, Ill., and Stephen Strom, cousin of the

Mrs. Leonard M. Sabourin

bridegroom from Gladstone. Ushers were Paul Swan, Goshen, Nebraska and Earl McBride, Clinton, Iowa.

Mr. Daryl Speicher of North Platte, Nebraska was soloist and Miss Mary K. Holen, Bertrand, Nebraska, served as organist.

A reception was held in the fellowship hall of the church following the ceremony.

After the first of the year the couple will be at home at R.R. 1, Box 271B, Mundelein, Illinois, where Mr. Sabourin is a junior high teacher. Mrs. Sabourin is employed as a secretary at Trinity College, Deerfield, Ill.

Mr. and Mrs. Sabourin, parents of the bridegroom attended the ceremony.

## Dozer Driver Called Drunk

HOUSTON, Tex. (AP) — A 29-year-old man was arrested after his vehicle crashed into an air conditioning unit and the side of a building. The charge: Drunken driving while operating a bulldozer.

## Zip Code Cracks Military Secrecy

SACRAMENTO, Calif. (AP) — Air Force Maj. Ken Anderson found a loophole in the secrecy that surrounded his new assignment.

The major, being transferred from Beale Air Force Base, was told his destination was classified and could not be disclosed.

He noted that his orders included the postal zip code for his new base, checked the zip code directory at the post office, and found he was headed for Da Nang, South Vietnam.

## Trenary

Donald Williams has returned to Michigan State University at East Lansing after visiting his parents, Mr. and Mrs. Edgar Williams.

Mr. and Mrs. Duane Birk and children, Kalamazoo and Mr. and Mrs. Lee Mathews, Greendale, Wis., have returned to their homes after visiting Mr. and Mrs. Hugo Marin and family.

There will be a communion service at the Methodist Church Sunday, Jan. 14 at 9 a.m.

William Gary and Margaret LaCombe have returned to Western Michigan University at Kalamazoo after spending the Christmas vacation with their parents, Mr. and Mrs. William LaCombe.

The Senior Citizens Club will meet Monday, Jan. 15 at 1 p.m. at the town hall.

Mrs. Esther Cauchon has returned home after spending the holidays with Mr. and Mrs. Joe Brant Jr. at Richmond, Mich.

Used Christmas cards and other greeting cards are needed for the young patients at the Newberry State Hospital. A collection box has been placed at the town hall. Cards donated will be in the child guidance programs.

Mr. and Mrs. William Buchholz and daughter Janet spent the holidays at the home of Mr. and Mrs. Alvin Swigart, Covington, Ohio. Captain and Mrs. Gary Swigart, Elgin AFB, Fla., were also guests of the Swigarts.

Erwin J. Harris has been discharged from St. Francis Hospital where he has been a medical patient.

**Altar Society**  
St. Rita's Altar Society will have an important meeting Thursday, Jan. 11 immediately following the evening Mass at 7:30. St. Theresa's Mission at Au Train has been closed for the winter months. The mission will reopen in June.

Mrs. Doris Rodgers has returned home after vacationing at the home of Mr. and Mrs. William Humble, Troy, Mich.

A/IC William Harris, son of Mr. and Mrs. Erwin Harris, has left for Keesler Field, Miss., where he will undergo a month's additional training before being reassigned to Vietnam for a second time. Airman Harris is a member of the Air Force Blue Berets which performs hazardous duty behind enemy lines.

**Dean's List**  
Bruce W. Bucholtz, senior at Ferris State College at Big Rapids, has been named to the dean's list for academic excellence for the fall quarter. Bucholtz was recently awarded the Theta Alpha Sigma trophy for the highest scholastic average in the fraternity for the 66-67 school year.

Mrs. Bernard Ramille has returned to Escanaba where she attends Bay de Noc Community College after spending the Christmas vacation with her husband who is serving with the Army at Fort Knox, Ky.

Mrs. Walter Siskorski has returned to Chicago after spending several weeks at the home of her parents, Mr. and Mrs. Edward Roberts Sr.

## Gun-Toting Gal

MEMPHIS, Tenn. (AP) — Jail Matron Margaret Hogue was a little skeptical about the excuse offered when a woman visitor was found carrying a gun inside Shelby County Jail.

The woman, visiting her husband, said she had hidden the .38-caliber pistol the night before and had forgotten about it. The pistol was tucked inside her bra.

## FBI Computer Helps Cut Securities Theft

WASHINGTON (AP) — The federal government, wielding a computer as its weapon, is activating a plan aimed at thwarting a growing multimillion-dollar racket in stolen securities.

Serial numbers and other information on about 50,000 stolen securities are being fed into a computer that can deliver the information within minutes to thousands of banks and police agencies across the nation.

The computer is part of the National Crime Information Center and is operated by the FBI.

Although no government or private agency could supply any figures on the value of the securities stolen annually, Justice Department sources said Tuesday that even a single theft could net more than a million dollars.

Many stolen securities wind up in banks as collateral for loans. The banks do not learn the collateral has been stolen until months after granting the loan when, having received no payments, they try to sell the security.

### Government Big Loser

The government is a big loser too. Justice Department figures show the government alone sustains about 2,000 losses a month, mostly in savings bonds.

The Secret Service, which investigates stolen government securities—but only after they have been cashed—says the value of bonds reported stolen now stands at about \$20 million.

A Secret Service official told The Associated Press these thefts "are a real concern to us. Years ago burglars would throw these bonds away. But now they are being fenced in rather large quantities through underworld channels. They come to our attention in large amounts."

### Answer In Minutes

He said some criminals use elaborate schemes to dispose of stolen securities.

This month the FBI began

placing information on stolen securities into its computer, starting with about 50,000 items.

Once the system is fully operative any bank faced with cashing bonds it believes may have been stolen—or with accepting securities as loan collateral—will be able to check with its local police department. The police will electronically question the computer in Washington and the bank will have an answer within minutes.

Aside from telling whether the security was stolen, the computer also will supply such information as who owned it and when it was stolen. The computer will handle not only stocks and bonds, but money orders as well.

### Briefly Told

Their will be a skate exchange at the ice rink recreation building every night this week.

Malicious damage involving four broken windows at the Wells School is under investigation by State Police.

State Police investigated two minor traffic accidents Tuesday, neither involving injury. A car driven by Katherine Fix, 16, of Rte. 2, Rapid River, struck the rear of a car driven by Gerald Peltz, 28, of Rapid River, about 7:50 a.m. on U.S. 2 and 41 just south of Rapid River, officers said, and cars driven by Arthur Arch, 37, of Rte. 1, Gladstone, and Rosalee Mileski, 37, of 114 S. 10th St., Wells, collided on U.S. 2 and 41 at the intersection of County Rd. 426 as Arch was making a left turn. No tickets were issued.

### SACRED ANIMAL

In his native India, the zebu, a humped, lop-eared cow, is considered sacred by the Hindus and can wander where it pleases without hindrance.

WAR WEARY infantryman wraps up in a blanket during lull in Vietnam fighting near Du Bop.

## Personals

Mrs. Walter Boucher, 1101 Montana Ave., returned Sunday after spending three weeks with her son Douglas, and family in Warren, Mich.

## Social

Royal Neighbors  
Royal Neighbors will meet Friday at 2 p.m. at the home of Mrs. Ted Minor, 1415 Minnesota Ave.

## Cold Makes Ice, But Not Fishing

Upper Bay de Noc above Gladstone, 16-Mile and Au Train lakes in Alger County, and Johnson Lake near Gwinn appear to be the areas of most fishing activity in the Escanaba Conservation District. Success, at best, has been mediocre.

Northern pike appear to be the most cooperative species with perch in the Gladstone area running a close second. An occasional walleye has also been taken in this latter area. Johnson Lake in the Gwinn area is producing an occasional rainbow.

There are a few spearing shanties off the mouth of the Anna River at Munising, but success, primarily for northern, whitefish, Menominee and herring has only been fair.

Cold weather has deterred fishing but has produced ice. Little or no snowfall has resulted in generally fair to good

driving conditions. It is desirable to continue to exercise caution with ice travel in the areas of reefs, shoals and river mouths, says Robert Timmer, district Law Supervisor.

Burning acetylene can get as hot as 6,300 degrees Fahrenheit.

## In This Corner

With RAY CRANDALL

The Northern Michigan University wrestling squad set some sort of a record by capturing the seventh Carthage College quadrangular tournament in Kenosha recently. . . . Coach Ed Brown entered 11 grapplers in the event and they won all 17 matches in which they competed, piled up a team score of 122 points and captured every individual title. . . . This is Northern's second year in the sport.

Ishpeming outscored Newberry by a 27-2 margin in the fourth quarter of the game in which the Hematites set a school scoring record in a 104-34 decision over the outclassed Indians. . . . All 13 players on the Ishpeming squad contributed to the total, headed by Ed Stimac with 28 points. . . . The triumph was the eighth this season for Coach Gordy Farragh's Hematites who invaded the Eskymo gym Friday night.

The Marquette Iron Rangers shook their slump over the weekend to score a double victory over Rochester, 3-2 and 6-5, in United States Hockey League action. . . . The twin wins tightened Marquette's grip on second place in the league standings, three points off the pace set by Waterloo. . . . The Rangers will be on the road for Saturday and Sunday night games against the Bobcats in Green Bay.

Coach Guss Lord's Stephenson Eagles won their third straight game and fifth in seven starts this season by defeating Gwin, 64-58, in Land O'Lakes Conference competition. . . . Dennis Alexejun was red hot from the floor, hitting on 60 per cent of his field goal attempts while facing the Eagles with 24 points. . . . Terry Froberg led Gwin with 21 points while Richard Brown tallied 16 and Eugene Brunette 10 for the Model Towners who play at Holy Name Friday night.

Bill Rademacher, former Menominee and Northern football star, finished the season with the New York Jets after a tour of Army duty that began last fall. . . . Rademacher saw action on the specialty teams while gaining credit for his fourth season in the American Football League.

National Mine matched Ishpeming's feat by setting a new school record in a 104-67 Mid-Peninsula Conference victory over Chassell. . . . Almost half of Chassell's points came in the final period in which the Panthers outscored the Nats, 32-23. . . . Leon Lampi led 10 National Mine scorers with 27 points.

Marquette Bishop Baraga snapped a four game losing streak by upsetting Munising, 54-50. . . . A flurry of five free throws in the final minute of action won for Coach Gordy LeDuc's Royals who were paced by Israel Fernandez with 12 points.

The Marinette Marines stretched their victory string to nine games this season by tripping Green Bay Preble, 62-52. . . . outscored by four field goals, 21 to 17, the Marines poured in 28 of 39 free throw attempts for their victory margin. . . . Bob Bartkowiak led Marinette with 24 points, including eight of nine from the charity stripe. . . . The 6 foot 3½ inch senior has scored in double figures in his last 19 games.

## Maroons Trip Crusader Quint In Second Half

MENOMINEE — The Holy Name Crusaders stunned the defending state Class B champions and No. 1 ranked team in Michigan with an inspired first half performance here Tuesday night before bowing to Menominee, 82-60, in Great Northern Conference action.

After trailing by 11 points, 24-13, at the end of the first quarter the Crusaders stormed back to narrow the deficit to a single point, 37-36, at halftime.

Steve Fisher, rugged 6 foot 1 inch junior forward, shouldered the Crusader surge with 11 points in the second period and Steve Houle, 5 foot 9 inch junior guard, assisted with eight.

Pat Miller, Menominee's 6 foot 3 inch All-Stater, rallied the Maroons with a 10 point performance in the third period. Menominee pulled out to a 59-52 lead entering the final frame. Holy Name had held Miller scoreless in the second quarter.

Dewey Bellisle, another veteran from last year's state championship club, picked up the tempo in the final frame in which he began hitting against Holy Name's zone defense. He plunked in 10 points as the Maroons outscored the Crusaders, 23-8, down the stretch to win their eighth straight game this season.

Although they suffered their eighth setback in nine starts,

## Packers Choice By 13½ Points

LAS VEGAS, Nev. (AP) — Odds makers quoted the Green Bay Packers Tuesday as a 13½-point favorite over the Oakland Raiders in the Super Bowl.

The Packers of the National Football League and the Raiders of the American Football League clash Sunday in Miami.

## Bay City Grid Coach Resigns

BAY CITY (AP) — Bill Carr, head football coach at Bay City Handy High School for the past two years, resigned today. He said he wanted to devote more time to his mathematics classes at the school.

Carr, 50, a native of Alpena, formerly was head coach at Alma College. His hand teams posted a won-lost-tied mark of 1-15-2 over the last two seasons.

# Braves Rip Eskymo Foe On New Court

## Fast Start Pays Off For Gladstone Quint

By RAY CRANDALL  
(Press Sports Editor)

GLADSTONE — Coach Bill Wood's Gladstone Braves put on an impressive show before a near capacity crowd in their new gym here Tuesday night, turning back the Escanaba Eskymos by a 76-61 margin.

The victory ended a long losing streak for the Braves against their neighborhood rivals. Gladstone had lost 10 straight previous starts, extending back to 1963, in the series with Escanaba.

There was little doubt of Gladstone's superiority last night. The Braves outshot, outrebounded and outmaneuvered the Eskymos for their fourth triumph against three defeats this season. Gladstone owns a 3-1 record on its spacious new court.

The Braves hammered Escanaba with a 39 point scoring barrage in the first half for a 15 point cushion at the intermission. They held off a desperate second half surge by Coach Bill Howes' invaders, with both teams scoring 37 points in the third and fourth quarters.

Nelson Sets Pace Gladstone's front line "big three" dominated the action around the boards and Wood's backcourt men turned in fine floor games against the pressing Eskymos.

Steve Nelson, 6 foot 4 inch junior, played a leading role in Gladstone's victory. He canned 11 field goals and three free throws for 25 points and individual scoring honors. He also led Gladstone's assault on the backboards with 18 rebounds.

Nelson's running mates up front, Mark Stupak and Dennis Anderson, also turned in outstanding performances. Stupak tossed in 17 points although hampered by early fouls, and Anderson added 14. They pulled down 23 rebounds between them. Mark Weber came through with 14 points and Pete Jarvis, the other guard, was the floor general.

Mylander Standout The Eskymos received a tremendous individual effort from junior Dan Mylander who was a demon on defense, sparked the offense with 14 points and numerous assists and battled the taller Braves for rebounds.

Jack Johnson paced the balanced Eskey attack with 17 points while Gregg Johnson and Butch LaBay tossed in 11 each.

Early fouls put a crimp in Escanaba's style in the early going. Gregg Johnson and John Moberg both had three fouls at the end of the first period.

Eskymos Rally Gladstone enjoyed its biggest spread through the third period of action, leading by 21 points.

## Evashevski Has 'No Intention' Of Leaving Iowa Athletic Post

ANN ARBOR, Mich. (AP) — Forest Evashevski, named as one of eight candidates screened as possible successor to retiring Michigan Athletic Director H.O. "Fritz" Crisler, said Tuesday he has no intention of leaving a similar post at Iowa in the foreseeable future.

Evashevski, and former Michigan football teammate Tom Harmon, were to be in Detroit today for a speaking engagement.

But in an interview on radio station WMT in Cedar Rapids, Iowa, Tuesday night, Evashevski emphasized that the engagement had no connection with the Michigan job.

In the interview, Evashevski said he appeared before the screening committee "only in the role of a consultant." He said he has not been offered the

job, nor has he applied for it. Prof. Douglas A. Hayes, chairman of a committee of faculty, alumni and administrative personnel charged with interviewing candidates, said besides Evashevski, the list included:

Dr. Robert Bronzan, athletic director at San Jose State College in California; Dave Nelson, athletic director at Delaware and a former Michigan football player under Crisler; Don Lund, former Michigan baseball coach and now farm director for the Detroit Tigers; and four Wolverine coaches—including football Coach Bump Elliott, track Coach Don Canham, basketball Coach Dave Strack and golf Coach Bert Katzenmeyer.

A group of Michigan alumni, headed by former football stars Bob Westfall and Ed Frutig, launched a campaign last year to boost Evashevski for the dual

roles of football coach and athletic director at Michigan.

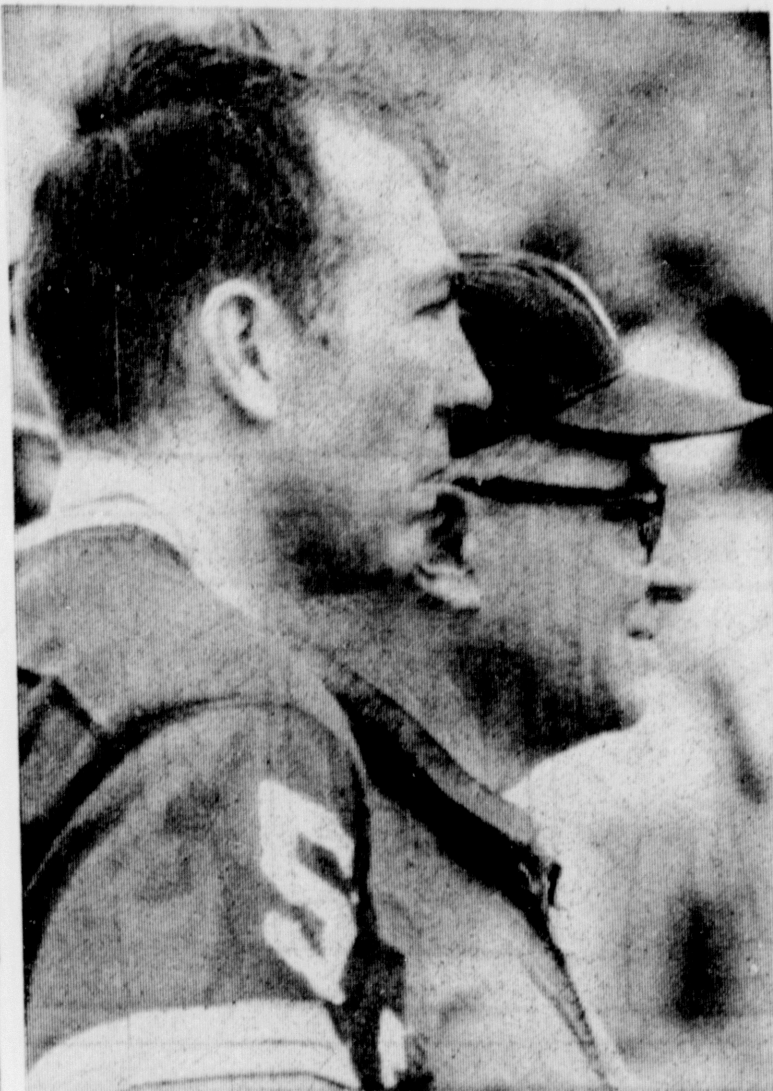

At the time, Westfall, now owner of an Adrian, Mich., steel company, and Frutig, a Detroit advertising executive, said Evashevski would be willing to take both jobs.

Elliott, whose teams split 20 games in the last two seasons, has been under fire from some alumni circles.

Hayes is expected to make his committee's recommendation to Dr. Robben W. Fleming, the university's new president, sometime this month.

Fleming said he will not take action on a successor to Crisler until U-M regents consider plans to change Michigan's athletic structure.

The regents met next on Jan. 19 but Fleming indicated it may be February before a successor is named.

GREEN BAY PACKER quarterback Bart Starr (left) and head coach Vince Lombardi watch as the Packers held a light workout at Fort Lauderdale, Fla., in preparation for the Super Bowl game Sunday in which Green Bay will face the Oakland Raiders. (AP Wirephoto)

## Starr, Raiders Exchange Praise Before Big Tilt

MIAMI, Fla. (AP) — Lonely Willie Brown figures to have plenty of company in Oakland's defensive secondary once Green Bay quarterback Bart Starr goes to work in Sunday's Super Bowl game.

But Starr won't throw aimlessly with Brown and Kent McClochan manning Oakland's cornerback slots.

"Their defensive films indicate great over-all quickness," said Starr Tuesday as the National Football League champions Packers settled down to serious work for Sunday's big one against the Raiders, champions in the American Football League.

"They have quick tackles, linebackers and backs," Starr continued. "They seem to work very well as an 11-man unit."

If Starr admires the Raider defenders, they're quick to return the compliment. "The biggest thing about the Green Bay receivers is the very good timing they have with the quarterback," said Brown. "Starr seems to throw on the break. He seems to know when they're going to break."

How then, do the Raiders plan to defend against Starr's pass play?

"At Oakland we play it man-to-man," said Brown.

"I think we're the only two in either league," he said of himself and McClochan. "That play it strictly man-to-man without much help. Sometimes you feel pretty lonesome out there."

## Big Bay Quint Tops Shorthanded Broncos

NAHMA—The Big Bay de Noc Black Bears flashed a balanced attack in which five players reached double scoring figures in an 89-56 Central League victory over a shorthanded Bark River-Harris team.

Coach Dave Pelletier's Bears moved out to a 21-11 lead in the first period and reserves got a solid shot at game action through the remainder of the contest.

Sophomore Bill Hartman turned in a hustling performance on defense and big John Lewandowski was tough on

the boards to head the Big Bay de Noc team effort. The victory moved the Bears over the .500 mark with a 4-3 record.

Rick Mercier led the five double digit shooters for Big Bay de Noc with 21 points. Hartman added 14, Lewandowski and Jim Caldwell 12 each and John Gauthier 10 while Pat Carley tossed in nine.

Four Broncos were sidelined by disciplinary action last night. Tom Ray led the team with 25 points and John Jorasz added 11.

Big Bay de Noc also won the jayvee game, 43-41.

Box score:

## Torrid Tigers Win Sixth Game

POWERS-SPALDING — The

Powers-Spalding Tigers registered their sixth victory in eight starts Tuesday night by

trouncing Felch, 81-51, in a Big Six Conference clash.

It was strictly no contest as Coach Mike Forsberg's Tigers boomed out to a 27-10 lead in the first period and were never

challenged.

Four Tigers reached double scoring figures, headed by Roger Stebbins with 20 points. Don Mattson topped Felch with 15.

The Tigers shot at a 45 per cent clip from the field, hitting on 32 of 71 attempts from the field. They added 17 of 23 from the free throw line. They also dominated the rebounds, 56 to 26, with Kim Riedy and Stebbins grabbing 28 between them.

Powers also won the junior varsity preliminary.

Northern Rips

St. Norbert '5'

MARQUETTE (AP) — Ted

Rose canned 34 points in leading Northern Michigan to a 103-80 college basketball victory over

St. Norbert of Wisconsin Tuesday night.

The victory was Northern's fifth straight and seventh in nine games. St. Norbert, which trailed 49-39 at the half, now stands 2-5.

NMU hit on 43 of 92 floor shots for 43 per cent while St. Norbert made 32 of 84 field goal attempts for 38 per cent.

Jack Gebler topped the losers with 23 points and Joe Emer added 19.

The Warriors made a move late in the ball game when they closed to 101-92. However, the backcourt combination of Bing and Jim Walker controlled the ball and maintained the lead for

Detroit.

Bing, the league scoring leader, hit on 13 for 21 field goal attempts.

MANISTIQUE  
Christine Tobin Bride Of Kenneth Blowers

Christine Marie Tobin became the bride of Kenneth William Blowers at a 10:00 a.m. ceremony at Devine Infant of Prague Church at Gulliver on Jan. 6. Rev. Dan Zolga solemnized the double ring ceremony.

Parents of the couple are Mr. and Mrs. and Mrs. John R. Tobin, Gulliver and Mrs. Vera Blowers and the late William Blowers, 805 Garden Ave., Manistique.

Attending the bride was Vickie Lee Kelly and the best man was Douglas Demers.

Following the ceremony a reception for 75 guests was held at the home of the bride's parents in Gulliver.

The couple will make their home at 805 Garden Ave., Manistique.

Mr. Blowers is employed at the Manistique Lumber and Coal Company.

Public Charter Meet Tonight

A public meeting will be held at the City Hall tonight at 7:30 p.m. for the purpose of discussing the revised Manistique City Charter. The Charter Commission is holding this special meeting for the purpose of acquainting the citizens of the community with the changes in the Charter and the reasons for these changes.

The Charter will be submitted to the voters for approval on April 1, at the general election. This first public meeting planned by the Commission is a part of the program to make the citizens well informed on the revised Charter.

Personals

Mr. and Mrs. Ray Linderth have returned from Phoenix, Ariz., after spending the holidays with their son and daughter-in-law, Mr. and Mrs. Terry Linderth.

Baptist Annual Meeting Jan. 17

Annual business meeting of the First Baptist Church will be held at the church on Wednesday evening, Jan. 17.

A 6:30 pot-luck supper will be held at the church preceding the business meeting. Members are requested to bring table service.

A program has been planned for the young children.

Social

**Birthday Party**

Mrs. Laura Belanger was honored at a surprise party at her home in Gulliver on Jan. 4 by friends who brought gifts and a birthday cake to help celebrate her 78th birthday.

Present were Mesdames Sarah MacGregor, Caroline Johnson, Leland MacGregor, Charles MacGregor and Edward Johnson.

Church Events

**Missionary Society**

First Baptist Women's Missionary Society will meet at the church at 7:30 Monday evening. Program chairman is Mrs. George Johnson and devotional leader is Mrs. Albert Eckstein. Hostesses will be Mrs. Ornel Repp, Mrs. Elmer Martin and Mrs. Clarence L. Novak. All women guests will be welcomed.

Briefly Told

**American Legion Post 83**

will hold a regular meeting at 7:30 this evening at the VFW club rooms. The business session will be concerned with the membership campaign.

Interlochen Guest

**INTERLOCHEN (AP)** — Nicholas G. Harsanyi of Princeton, N. J., will be guest of Interlochen Arts Academy Orchestra for two weeks after the 340 students and faculty return this weekend from their holiday vacation.

MR. AND MRS. Albert Hedberg, 227 Potter St., announce the engagement of their daughter Cheryl Ann to Donald Lee Leonard, son of Mr. and Mrs. Edward D. Leonard, Marquette Ave. No definite date has been set for the wedding.

Kelley Provides Riot Manuals

LANSING (AP) — Atty. Gen. Frank Kelley Tuesday sent a manual of Michigan laws on civil disorders to all law enforcement officials in the state.

"Full knowledge of the law pertaining to riots and speedy access to terms and provisions could be a decisive factor in the early control of civil disorders," Kelley said.

"I hope and expect this manual will provide law enforcement officials with fast and firm measures to help stop riots."

The manual details more than 50 laws available to combat various aspects of riots. It also contains forms to be used for arrest warrants in such cases.

In addition, the manual contains an outline of the governor's powers to deal with disorders together with forms for a declaration of state emergency and executive orders setting up curfews and limitations of possession of weapons, as well as provisions for the closing of places of public amusement.

Kelley said there are many steps that must be taken to prevent such outbreaks.

"But once they occur they must be dealt with swiftly, and the full force of law must be brought on those who participate in them," he said.

"This manual provides the legal basis for such speedy action. It should save many valuable minutes or even hours at a time where every minute counts. It could play a part in preventing a minor disturbance from developing into a major riot."

Kelley said copies of the 27-page manual are being sent to all prosecuting attorneys, the State Police and local law enforcement authorities.

Eggert

I wish to express my sincere thanks and appreciation to all my friends and neighbors who remembered me with cards and flowers while I was a patient at St. Luke's Hospital, Marquette, and Bell Memorial Hospital in Ishpeming. Your thoughtfulness has meant so much to me.

Mrs. Julianne Eggert

LEGAL NOTICES

NOTICE OF INTENTION TO ISSUE INDUSTRIAL DEVELOPMENT REVENUE BONDS

Notice is hereby given that Cornell Township, Michigan, intends to issue \$55,000.00 Industrial Development Revenue Bonds for the purpose of defraying the cost of acquiring land, constructing an industrial building or buildings thereon and acquiring and installing industrial machinery and equipment in said building or buildings to be leased to Escanaba Paper Company, a Michigan Corporation, a subsidiary of the Mead Corporation, an Ohio Corporation, and paying necessary expenses incidental thereto so as to alleviate and prevent conditions of unemployment and assist in retaining local industries, meet competition for new industries, strengthen and revitalize the economy in general and provide and maintain steady employment for the residents of Cornell Townships and the surrounding area.

The Township Board of Cornell Township proposes to issue said bonds without submitting the proposition of their issue to a referendum upon the question of the issuance of said bonds, in which event the bonds shall not be issued until approved by a majority of the electors of Cornell Township voting thereon at a general or special election, all in accordance with Public Act Number 62, Public Laws of Michigan, 1963, as amended.

That this resolution shall take immediate effect.

Adopted and approved this 8th day of January, 1968.

Given by order of the Township Board of Cornell Township, Michigan, this 8th day of January, 1968.

### Nun Is Honorary 'Screaming Eagle'

KENTON, Ohio (AP) — Sister Carole Brown, a teacher at St. Anthony's School, is now a "Screaming Eagle," an honorary paratrooper of the 1st Brigade, 101st Airborne Division.

Gen. John D. Mathieson, commander of the 101st, sent Sister Carole her wings in recognition for her work in the "Little League of Green Beret," a group of youngsters she formed to pray for servicemen, write letters and send packages to soldiers in Vietnam.

### Rip Van Winkle Couldn't Sleep with Nagging Backache

Nagging backache, headache and muscular aches and pains may come with over-exertion, emotional upsets, or everyday stress and strain. If this nagging backache, with restless, sleepless nights, is wearing you out, making you miserable and irritable, don't wait, try Doan's Pills — an analgesic, a pain reliever. Doan's pain-relieving action on nagging backache is often the answer. Get Doan's Pills — not a habit-forming drug but a well-known standard remedy used successfully by millions for over 70 years. See if they don't bring you the same welcome relief. For convenience, always buy Doan's large size. Adv.

SHUMWAY SR. of Kalamazoo stands in recent photo with his son, Dr. Norman Shumway, who headed the team which carried out the heart transplant operation for Mike Kasperak at Stanford, California. Dr. Shumway was born in Kalamazoo and grew up in Jackson. His parents returned to Kalamazoo in 1960. (AP Wirephoto)

## Lansing Boys School Violence Probe Asked

LANSING (AP)—Three state officials say they will seek an investigation into reports of attacks on supervisory personnel at the Lansing Boys Training School.

The request followed a meeting Tuesday between R. Bernard Houston, director of the State Social Services Department, and Republican state Reps. Thomas Brown of Lansing and Thomas Sharpe of Howell.

They said they planned to ask juvenile court judges, the State Police, the State Civil Services Department and State Public Health Department to look into conditions at the training school which houses 300 boys.

The request followed reports in the Lansing State Journal that night supervisors in a

detention cottage at the school had been attacked by unruly boys on at least eight occasions in the past year.

The Journal added that the attacks were not reported to State Police, responsible for policing state-owned property, or to Houston, whose department has jurisdiction over the facility.

At that time Houston said he had no knowledge of the alleged incidents.

The school personnel also said unsanitary conditions exist at the institution, the newspaper said. It quoted an unnamed supervisor as saying, "Rats and mice pervade every cottage. The boys clean the cottages every day, but these are things that have to be taken

care of by an exterminator." Sharpe, chairman of the House State Affairs Committee, said he and Brown would "like to have these investigations conducted as soon as possible."

### Tornado Film

NEW YORK (AP) — The U.S. Environmental Science Services Administration—the Weather Bureau—has a new 15-minute color film to educate people to the violence of tornadoes.

The film follows the development of a tornado from the time it is first charted until its funnel sweeps across the land, spreading destruction. The film will be made available to schools, public service groups and television.
